Registration Ordered for Six Precincts

Voters in More Rural Areas Must Sign Up With Elections Board

A resolution providing for the registration of approximately 2,200 voters in six Marion County voting districts was passed last night by the Board of Elections.

The six precincts are LaRue Village, Prospect Village North, Prospect Village South, Big Island Township, Prospect Township, and Richland Township.

Previously registration has been required in only four other rural voting districts.

These are Marion Township North and South, and Pleasant Township North and South.

In addition, Marion City voters are required to register before becoming eligible to vote.

Sets 3 Days for Registration

In last night's meeting election board members set aside three days for carrying out the registration requirements in the six districts. Thursday, Sept. 17, Saturday, Sept. 19, and Wednesday, Sept. 23, were scheduled for the registration.

With the exception of LaRue residents, who will go to the Fire Department to register, voters in the six districts may register in the township halls of their respective townships.

Time available for registration on the three days was designated from 10 a.m. to 2 p.m., and from 4 p.m. to 9 p.m.

Voters Must Register

All voters in these districts must register before they will be allowed to vote in November, election board officials warned.

Ohio law grants the right to elections board officials to require registration in districts under their jurisdiction where they feel population increases or an increasing population turnover makes it more difficult for precinct workers to identify voters.

In other business last night, the board authorized the advertising for bids for printing the ballots to be used in the Nov. 3 election. Bids must be filed with the elections office in the Courthouse by 4 p.m. Friday, Aug. 21. Contracts will be awarded shortly thereafter.

Petition Withdrawn

The board granted the request for withdrawal of a nomination petition filed with the office in February by Patricia Warnke as a candidate for the office of village clerk at Caledonia.

Filed yesterday with the board was the city's request that a ¾ mill levy be placed on the November ballots. Funds derived from the levy, scheduled to run five years, are to be used for the daily operation of the various departments of the city, and especially for the operation and maintenance of the sewage treatment plant.

New Gas Line To Be Installed Across County

Marion County Commissioners Thursday granted permission to the Ohio Fuel Gas Co. to construct a 16 inch gas pipe line across 14 county and township roads from Green Camp Township west to the Marion Hardin County line.

According to Clarence L. Baxter, local manager of the company, the line will parellel an already existing transmission line leading to Lima. It will serve to double the capacity of the present pipeline. Work on some parts of the line has already been started, he said.

Traffic is to be maintained on the roads at all times according to the permit granted. In addition, the construction must fulfill requirements of the county engineers and is subject to their examination.

County roads which will be affected are 12-A, 2-F, 38-D, 38-E, 47-D, 35-E, 38-L, and 83-H. Township roads which will be trenched are 5-B, 40-A, 50-C, 55-B, 80-A, and 74-A.

Also subject to inspection and approval of the county engineers are crossings of all ditches and streams designated as public water courses.

West Germans Continue Free Food Program

Fears of Reprisals By Russians Fail To Halt Relief Program

BERLIN (AP)—West Berlin's government today abandoned plans to halt its food distribution to East Berliners for 11 days and announced the giveaway would continue without pause.

The city senate said the American - sponsored parcels of food would be given out daily to all Soviet zone residents who come for them. Earlier the senate had planned to continue supplying only East zoners from outside Berlin and to hold up distribution to East Berliners beginning Sunday while the program's facilities were reorganized.

Since the venture started July 27, almost 2½ million parcels of lard, sugar, canned milk and dried vegetables have been given to Easterners. The hungry braved tough Communist police controls and countermeasures to smuggle the coveted packages back home.

The senate denied reports, published in America, that the British and French had objected to continuing the U. S.-financed program because of fear of Russian reprisals. A British spokesman also said he knew nothing of any such objection.

A French official said: "Certainly we've not been too heartily in favor of the entire idea, but we've not protested about it nor do we intend to."

Allied officials said that when the food distribution was undertaken, some British and French authorities had expressed concern that it might boomerang against the East Germans.

But these officials said West German and American authorities convinced their reluctant colleagues that the anger of the East Germans, as illustrated by the June 17 revolts, was of such magnitude that the Communist regime would tread slowly in trying to combat food handouts.

Swimmer Tries Again On Lake Erie Crossing

POINT PELEE, Ont. (AP)—William Sadlo, a 53-year-old grandfather, hit the waters of Lake Erie at 4:20 a. m. EST today in a second bid to swim the 35 miles from here to Cedar Point Peninsula across the lake.

Sadlo, who failed in an attempt to swim the lake Aug. 3, said he expected to make the trip in 17 hours.

French Strike Shows Signs Of Weakening

More Than Million Still Out, However; Premier Stands Firm

PARIS (AP)—France settled down today to a bitter struggle between striking labor and economy-minded Premier Joseph Laniel. With millions already off their jobs, the walkouts spread to civilian workers in the nation's arsenals, army hospitals and quartermaster outfits.

Only 80,000 workers were involved in the 24-hour walkout at the military installations, but they dramatized the unions' determination not to stop until Laniel abandoned plans to trim government payrolls and up the retirement age for the civil service.

With no end in sight, the nation's railroads were still paralyzed, her gas and electricity service diminished and her communication system tied in knots.

Employes in these and other government services, more than a million workers were out for an indefinite period. Their ranks were swelled yesterday by more than three million others in numerous activities—public and private—who quit for 24 hours to support the civil servants' demands.

But yesterday's response to the strike call was only partially effective, indicating the wave might have reached its peak. Banks and insurance companies remained open, as did department stores. The stock market functioned. So did most other private businesses, though all have been slowed by the lack of communications. Only in the metal working industries was the strike generally effective.

There still was no sign of any move to end the walkouts. The adamant unions already have widened their demands to include a call for a general wage increase. And Laniel, a hard-headed multimillionaire textile manufacturer, insisted he would not be pressured into revoking his cost-cutting decrees. The government made no step to even negotiate.

U. S. Army and Air Force units in France set up their own "Operation Strike" to cope with the upheaval. They flung their own network of planes and buses across the nation, keeping food, mail and personnel moving to fill their forces' needs.

Crack OSU Swim Team Will Help Dedicate Pool

MIKE PEPPE

Members of the Ohio State University swimming team, led by Coach Mike Peppe, will be present at the dedication of the Marion Country Club swimming pool, Sunday, Aug. 23.

Accompanying the swimming team will be the Girls Water Ballet from Ohio State.

The pool has been in use since July 14, but delays in completion of the bath houses and other facilities have made it necessary to postpone the dedication until next Sunday.

Jack Weis, former president of the Country Club and chairman of the swimming pool committee, will give the main address outlining the history of the project.

Rift Develops In West Over Korean Talks

U.S. Opposes India Taking Part; Britain, Canada Back Nehru

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP)—Both the United States and Britain stood their ground today in a split over the proposed seating of India at the forthcoming Korean political conference.

Indian sources conceded, however, that the United States appeared to have the most support among the 16 countries trying to work out a joint proposal on the composition of the conference.

Britain and Canada both feel strongly that India should be among those chosen to represent the world organization at the parley. Most of the others were reported either indifferent or on the side of the United States.

The final decision, however, will be made by the 60-nation U.N. General Assembly, convening here Monday.

Chief U.S. Delegate Henry Cabot Lodge Jr. brought the split into the open last night, declaring that the U.N. should be represented only by countries which fought for it in Korea.

That would bar India, which sent only a medical unit.

Lodge insisted the United States has nothing against India, but feels the armistice agreement made it clear that the U.N. should be represented by countries who had armed forces under its flag.

The British declined to comment, but they were understood to feel strongly that both India and Russia should sit at the conference, along with those who did the fighting.

The British reportedly believe that India, which has close contact with Communist China and which authored the U.N. resolution on which the Korean armistice was based, would be a constructive force in the parley. The British also feel that exclusion of Russia would be "unrealistic."

Lodge said he had no objection to Russia attending the conference if they sat on the side of the Communist belligerents—Red China and North Korea—and not with the U.N. representative.

Lodge acknowledged that the United States and its 15 allies had reached no definite decisions in their two long private sessions Wednesday night and Thursday. He said they would meet again Saturday morning.

Morocco Tense As French Try To Avert Riots

RABAT, Morocco (AP) — France's tense North African protectorate of Morocco split into two armed camps today over a threat to unseat the nationalist-minded Sultan. French armored troops patrolled in an effort to avert riots that might turn into civil war.

Reports from south Morocco said the powerful pro-French pasha of Marrakech, long a foe of Sultan Mohammed Ben Youssef, told a gathering of 350 local chiefs and 2,000 other notables at his palace there yesterday that an important announcement would be made today.

The French Press Agency (AFP) reported it had learned on good authority the pasha, Thami el Glaoui, planned to proclaim a first cousin of the present Sultan, Mouley Mohammed Ben Arafa, as the protectorate's new titular ruler.

(In Cairo, Al Azhar, Islam's 1,000-year-old college and the Moslem world's most powerful religious institution, called on all Moslems to "support with reservation" the Moroccan sultan against El Glaoui. The appeal was tantamount to a threat of "jihad"—holy war).

Amid the gathering tension, U.S. Air Secretary Harold Talbott arrived here in the Moroccan capital last night to inspect three of the five huge American air bases being built in Morocco as key links in the defense chain against southern aggression.

GREEK TOWN IS PILE OF RUBBLE. Wires hang loose (upper) in Vathy, one of towns destroyed by earthquakes on Greece's island of Ithaca, off southwestern coast, and building walls are either cracked or reduced to mass of rubble. Two parked autos (lower) are nearly buried in the rubble of Vathy. Ithaca is the legendary birthplace of Ulysses. The toll on Ithaca, Zante and Cephallonia islands is 1,000 killed and 10,000 injured. Six entire villages disappeared. Only two buildings of 3,000 remain in town of Zante.

New Tremors Rock Stricken Greek Islands

Relief Workers Fight Fire, Landslides; Toll In Lives Is Uncounted

PATRAI, Greece (AP) — Modern Greece's worst disaster continued today to give up its dead and injured in uncounted numbers as fresh earthquakes brought new landslides, fire and misery to three small Ionian islands.

Air-sea rescue units and supplies from many nations converged on the devastated islands of Zakinthos, Kefallinia and Ithaca. There still were no definite figures on the total number of casualties.

The Greek government said the death toll may reach 1,000 but an American observer who flew over the stricken areas yesterday declared that all casualty figures "appear to understate the situation."

Rescue workers counted more than 400 dead in only two communities. Hundreds of other persons were injured and almost all the 120,000 population were homeless, many without food or water.

Most of the injured were being treated in makeshift tent hospitals and in the open. Many, however, were brought to this mainland port, the nearest large Greek city.

Fires still raged through towns and villages on the stricken islands 50 miles off the west coast of Greece. Smoke and dust from huge landslides towered above their rocky hills.

Ships, planes and emergency supplies of food and medicine flooded in to the disaster scene from at least seven nations.

British, American and Israeli Navy ships joined Greek naval units in evacuating injured and carrying food, water and supplies to the survivors. Italy also readied a relief ship to sail for the islands.

The Canadian Red Cross announced that an emergency supply of 250 cases of clothing stored in Geneva, Switzerland, already was en route to the islands.

In Washington, the American Red Cross appealed for contributions to the Greek Red Cross. The U. S. organization also allocated $40,000 for blankets and $10,000 for drugs to use in alleviating the suffering.

Denmark, Switzerland, Italy and Turkey prepared emergency Red

Bitter Accusations Fly

Holdout Charges Cloud Future for POW Trade

PANMUNJOM (AP)—Eighty - four Americans and 322 other Allied troops rode eagerly from Red captivity today but the great Korean prisoner exchange was shadowed by angry charges of prisoner holdouts by both sides.

Both Reds and U. N. accused the other of holding back prisoners entitled to go home.

And on the Allied side, there was an apparent conflict between Korean and Washington sources whether all eligible Chinese POWs already had been freed.

Returning Allied POWs have said some left behind were jailed on phony Red charges. There has been no official report of the number.

U. S. Secretary of State John Foster Dulles warned the Reds to send back every Allied prisoner and threatened to hold back some Communist POWs as a safeguard against any Red holdouts.

The Reds' Peiping radio in turn charged Dulles with "blackmail" and accused the Allies of illegally holding out 120 Chinese, Peiping said it has a right under the Geneva Convention to hold back any prisoners charged with an "indicatable offense."

But the U. S. State Department denied the Red charge and said the truce agreement specified that all POWs who want to return must be sent back with no exceptions.

The tense debate was snarled further by conflicting reports whether all Chinese who want to go home have been returned to the Reds at Panmunjom.

The U. N. Command said Thursday that its shipment of 222 Chinese that day was the last delivery of 5,495 Chinese scheduled to return.

However, Secretary of the Army Robert T. Stevens stepped from his plane in Washington after a Korean visit and said 250 Chinese Reds involved in crimes during their captivity might be held back. He said he understood that not all eligible Chinese POWs had been repatriated.

Asked to explain the apparent conflict, a N. N. C. spokesman said the POW situation and all related matters have been reported to "high authority in Washington."

He said any comment would have to come from Washington.

Meanwhile, more Americans re-

Vote on Crop Restriction

Farmers Deciding Fate Of Wheat Control Today

By OVID A. MARTIN

WASHINGTON (AP)—Wheat farmers took off from crop work today to ballot in a nationwide referendum on a proposal that the federal government be allowed to restrict production and marketing of wheat next year.

The purpose of the proposal—made by Secretary of Agriculture Benson under terms of farm-aid law—is to prevent the production next year of a wheat crop that would add to a staggering surplus of the grain. The vote thus has important economic significance, and political overtones as well.

An affirmative vote of at least two-thirds of those voting is required to put the proposal into effect. Some 90,000 growers are eligible to vote in polling places established in all wheat-growing communities by local and state farmer committees.

Department officials arranged to tabulate the ballots tonight. They expected the results to be known shortly after midnight.

Secretary Benson and some other officials said they expected the proposal to win approval. But reports circulated yesterday among wheat traders that private polls showed a possibility quotas would be defeated.

Heavy selling on the Chicago Board of Trade forced wheat futures down yesterday to the lowest prices in more than six years, but by the close they had recovered to $1.81¾ to $1.82 a bushel, ¼ to ¾

Warnings Up Along Coastal New England

Winds Buffet Norfolk, Virginia Beach; 7-Foot Waves Hammer Coast

NORFOLK, Va. (AP) — The first hurricane of the season howled into Norfolk today after buffeting North Carolina's coastal regions throughout the night.

Striking Norfolk at 6 a. m. the hurricane moved steadily northward and headed for southern New Jersey where it was expected to strike this afternoon. Storm warnings were displayed as far north as the Massachusetts coast.

The Norfolk Weather Bureau reported shortly after six a. m. that the winds had begun to diminish, dropping to an average of 35 miles per hour with top gusts of 56 miles per hour. The wind had reached its peak at Norfolk at 4:30 a. m. with an average of 53 miles per hour and a top gust of 76 miles per hour.

At Cape Henry the average velocity was 55 miles per hour. The hurricane itself bears winds up to 80 miles per hour over a small area near the center and gales extend outward 140 miles.

Norfolk County Policeman T. D. Barrow, 42, was electrocuted today when he touched a high tension wire blown down by the storm.

Arrival of the hurricane coincided with low tides in the Hampton Roads area. The weather bureau said the tides were only a little above normal and a minimum of flooding was expected. Heavy rain squalls developed at 3:00 a. m. and continued for several hours.

Waves at Cape Henry measured seven feet from trough to crest and the rough sea in Chesapeake Bay caused the Virginia and Maryland pilot boats to move off station and seek shelter in the harbor today.

Virginia Beach, sprawled beside the open Atlantic Ocean, was buffetted by 70-mile winds which blew down signs, power and telephone lines, smashed several store windows and tore shingles from the roofs of many homes.

Heavy surf washed away some piling and planking of a commercial fishing pier.

Police reported hundreds of power lines and telephone wires and a score of trees were blown down.

New Red Stop Signs Installed

All Traffic Must Halt At Two Intersections

City crews have completed the installation of new red and silver reflectorized stop signs at two intersections in the city, Safety-Service Director Ralph Forrest said today.

In response to requests made at City Council meeting Monday night, four-way stop signs have been erected at Pearl and W. Columbia Sts. and Buckeye and Henry Sts. This means motorists approaching these intersections from any of four directions must come to a full stop before proceeding through the intersection, he warned.

The new signs have also been placed at E. Fairground and Leader Sts. and will be erected at all other stop streets in the city as soon as possible, Forrest said.

The first to appear in the Marion area, the red and silver stop signs were recently approved by a national standardizing committee to replace present stop signs painted yellow and black. The new signs retain the original octagonal shape used only to indicate stop signs.

Installation of five new school hour traffic lights in the city is under way. First two of these lights to be installed will be at Pennsylvania Ave. and E. Center St. and Latourette and Bennett St., he said.

Kiwanis Club Members Tour Water Works

Members of the Kiwanis Club met at the Marion Water Co. pumping plant Thursday evening. After a dinner, they were taken on a guided tour of the station by L. Otis Porter, water company manager and Kiwanis member.

Porter explained the operation of the water works as he took the men through the entire plant. He told them how the water was pumped from the 15 wells to the main settling basin, then into the purifying, softening, and testing plant, back to the clear water tank, and finally into the city.

Porter also told them that a record 106 million gallons of water were pumped into the city in July a figure which exceeds that of any other month in the history of the company.

Guests at the meeting were Edward Paulin and John Geer.

Income Tax Collectors Comply With Old Law

By JAMES MARLOW

WASHINGTON (AP)—If a man from the Internal Revenue Service knocks on your door, wanting to know if you filed an income tax return, it's because of a paragraph tucked away deep in the tax law by Congress 25 years ago.

It says: "Every collector shall, from time to time, cause his deputies to proceed through every part of his district and inquire after and concerning all persons therein who are liable to pay any internal revenue tax, . . . and to make a list of such persons."

When new men were appointed to top internal revenue jobs by the Eisenhower administration, they began rummaging around in the tax laws to see what they were supposed to do. And they came across the section just mentioned. One of these new men is O. Gordon Delk Jr., former banker and farmer.

He said that under previous administrations in the past 25 years revenue agents have made this kind of survey in various places and at various times. But, he said, they didn't leave enough statistical information for the new people to decide precisely the best way to make the survey.

So the agency, headed now by T. Coleman Andrews, began making different kinds of surveys around the country. In one place they'd check householders, in another manufacturers or storekeepers. And they have been instructed to overlook no one, including gamblers, who might be liable for a federal tax.

This doesn't mean that eventually a revenue agent will call on every home or business. Not enough men for that. But already surveys have been started or completed in New England, Nebraska, Denver, Fort Worth, and Roanoke, Va. Others will follow.

Andrews complained in a speech Wednesday night that his bureau got some stiff newspaper criticsm in New England when the survey began there late in July. His men, he said, had been accused of Gestapo tactics. He promised the gate for any agent who tried that.

News about this project has almost oozed out. When the New England survey began, the agency released information about it in New England only, not nationally. News about the other surveys has been made known in bits. Yet the agency plans in time to make these surveys more or less nationwide.

The law provides a fine up to $500 and as much as two years in jail for interfering with an agent on this kind of survey.

But suppose an agent comes to your home, asking questions about your income tax return, and you (A) slam the door in his face, (B) tell him it's none of his business, or (C) tell him that, if he wants to learn anything about your income tax relations, he can learn it at the nearest revenue office where you make your return.

In short, suppose you won't cooperate. Does the penalty apply to you?

When asked about this, Delk said he thought the penalty applied only to people in business when they interfered with an agent attempting to carry out the survey, not to householders.

If you refuse to cooperate with an agent who comes to your door—since he has your name and address—he can go back to the nearest bureau office and check in a minute on whether you filed a return.

If you did file a return and cooperated with him to the extent of showing him your return—but the return reported an income too low to be in keeping with the apparent cost of your house and the car in your garage—the agent might like to pursue that a little further.

Andrews, of course, hopes his men will get nothing but cooperation. He says he's after cheaters because it would be unfair to people who honestly pay their taxes if he didn't try to find those who don't.

He said: "Preliminary reports indicate that a great many delinquent individual income and business tax returns are pouring into our field offices, along with the money due. It all adds up to the fact that we are causing a lot of folks to face up to their tax obligations for the first time."

DIES FROM HEAT

CINCINNATI (AP)—An aged widow died at her home last night of heat prostration, the coroner's office was informed. The victim was Mrs. Adele Westfield Seaman, 75, who was stricken Aug. 1 and went into a coma Aug. 8.

Invitation Arrives But 39 Years Too Late

ORLEANS, Vt. (AP)—An invitation to spend a day at the St. Johnsbury fairgrounds has arrived at the home of Mrs. Ray Morse—but 39 years late.

The invitation was posted in St. Johnsbury, about 25 miles away, on Sept. 7, 1914. The fairgrounds were dismantled not long afterward.

But there is one consolation. The stamp, one of a series of Panama-Pacific commemoratives issued between 1912 and 1915, is a collector's item.

SUSTAINS MINOR INJURY

NEVADA — Sharon Bucher was riding her bicycle on Garrett St. near the school-house on Aug. 7 when struck and thrown by a car driven by Edward Parker. She was taken to the Bucyrus City Hospital for X-rays. Her injuries were found to be minor.

GI Reported Dead Returns

$10,000 Already Paid To Ohioan's Mother

BEALLSVILLE, Ohio (AP) — The family of a repatriated Ohio POW which spent his $10,000 GI insurance money in the belief he was dead wondered today what they would do if the government asks for repayment.

The Defense Department listed Cpl. William H. Abbott, 23, killed in action in Korea 2½ years ago. He was released by the Communists Tuesday night.

His mother, Mrs. Harrison Abbott, whose farm home is four miles from here, said:

"I'm glad my boy is alive, but I don't know what we will do if I have to pay the government back the $10,000 I collected because he was killed."

The mother of 11 children said the money was used to help pay off the mortgage on the farm home when the family was in dire financial straights.

Probate Judge Forrest Pfalsgraff, who settled the soldier's estate after his reported death, said:

"We took the word of the Defense Department that he was killed in action. We didn't handle the insurance money, but did settle his estate and turned over a small amount of money which was on deposit in his name in the First National Bank at St. Clairsville."

Alert Citizen Beats Law Officers to Punch

LOS ANGELES (AP) — A cashier was robbed of a money sack containing $33 yesterday as she emerged from an Optimist Club luncheon.

Mayor Norris Poulson was the speaker. Chief of Police William Parker presided. Sheriff Eugene Bizcailuz and District Attorney Ernest Roll were guests.

But it was a citizen bystander, Robert Riley, who knocked down the fleeing suspect on a hotel mezzanine and turned him over to detectives for questioning.

NOTICE—BRIDGE SALE

Notice is hereby given that sealed proposals will be received by the Board of Marion County Commissioners of Marion, Ohio, until 10:00 A.M. (E.S.T.) August 24, 1953 as follows:

For furnishing all materials and performing all labor for the construction of new concrete abutments, retaining wall, moving old bridge and stone to County yard and making channel changes as shown on plans and profile on file in the County Engineers Office.

Project located on County Road No. 123, Section "I" over Qu Qua Creek.

The foregoing being designated by the Board of Commissioners in their resolution adopted July 2, 1953.

Said improvement shall be done in accordance with Ohio State Highway Specifications for 1953, for concrete bridges and plans on file in the Marion County Engineers Office.

Quotations shall be submitted upon blanks furnished by the Marion County Engineer and shall not exceed the estimated cost of labor and material—total 9,785.90.

Sealed bids will be publicly opened on the above date, read and an award made at that or such time to which consideration of said bids may be duly adjourned as provided by law.

All bids shall be accompanied by either a deposit of money or a certified check on some solvent bank, in the amount of five per cent (5%) of the estimated cost of the improvement, made payable to the order of the Board of Marion County Commissioners as a guarantee that said bidder will sign the contract for the performance of the work and furnish bond. The bond will amount to one-half (½) of the estimated cost of the improvement, for the proper construction and completion of the contract as required by law.

The minimum wages to be paid all labor on this contract shall be in accordance with the schedule of prevailing wage rates in Marion County as ascertained and determined by the Department of Industrial Relations, in accordance with Section 17-3, 17-4, 17-4a, 17-5 and 17-5a of the General Code of Ohio.

Bids must be signed by all parties interested in the contract.

The right is reserved to reject any or all bids.

By order of the board of Commissioners of Marion County, Ohio.

Case No. 20068

Aug. 14,21,28,1953.

LEGAL NOTICE

The unknown heirs, legatees, devisees, administrators, executors and assigns of Deborah Rupp, deceased; Ida A. Winson, deceased, and Joseph H. Winson, her husband, deceased; May B. Smeltzer, formerly May B. Adams, deceased, and William Smeltzer, her husband, deceased; Catherine Folk, deceased, and Harvey Folk, her husband, deceased; Cyrus Rupp, deceased; Wesley Rupp, deceased, and Maggie Rupp, his wife, deceased; Jacob D. Rupp, deceased, and Leonard M. Harmon, deceased, will take notice that on the 12th day of August, 1953, Irvin C. Knickel, Robert E. Orr and Pauline L. Orr filed their petition in the Common Pleas Court of Marion County, Ohio, in Case No. 32081, against the above named parties and others, alleging that the defendants named therein claim an interest in the following described real estate, to-wit:

Situated in the County of Marion, in the State of Ohio, and in the Township of Prospect and bounded and described as follows:

Being in Section 3, Township 7, Range 20 United States Military Lands, founded and described as follows: Commencing at a stone on corner of Lots 6, 7, 8 and 9. Thence south 3 degrees west one hundred twenty three and one-half (123½) feet to a stone on a post in Lot Line 7 and 8. Thence West two hundred six and five twelfths (206 5/12) feet to a post. Thence south three degrees west 200 7/12 feet to a post in center of township road. Thence south 82½ degrees east 206 5/12 feet, to a post in center of township road and to a lot line 7 and 8. Thence north 3 degrees East 223 3/12 feet to a place of beginning.

Excepting from the foregoing described premises the following described lands:

Commencing at a stone on a post at the north east corner of the above described land; thence west 152 11/12 feet to a post, beginning at this post; thence west 53½ feet to a post, and the north east corner of Joseph Petty One Acre Lot. Thence south 3 degrees west 200 7/12 feet to an iron post in center of Township road. Thence south 82½ degrees East 53 8/12 feet to an iron post in center of said road. Thence north 3 degrees East 205 11/12 feet to a place of beginning. Containing after the exception three-fourths (¾) of an acre of land.

Said petition further alleges that plaintiffs are the owners of and are in possession of said real estate, and that the interest claimed by said defendants is unfounded and without right and constitutes a cloud upon plaintiffs' title to said real estate.

The prayer of the petition is that the defendants named be required to set forth the nature of their claim, that said adverse claim of defendants be determined and declared null and void; that said defendants be forever enjoined from asserting said claim; that the plaintiff, Irvin C. Knickel, be adjudged the owner of the West one-half of said real estate, and that the plaintiffs, Robert E. Orr and Pauline L. Orr, be adjudged the owners of the East one-half of said real estate, and their title thereto be quieted, and for all other just and equitable relief.

The defendants named above are required to answer on or before the 24th day of October, 1953.

Better Than Beer?
That depends on your taste. At Carling's we brew both beer and ale—and each is mighty popular. But more and more people are telling us Carling's Red Cap Ale gives them *more* pleasure than *any* beer they ever tasted. They say it's light and dry as the smoothest beer, yet with that extra flavor—that "heart" which only a fine ale can provide. They call it the "light-hearted" ale.
Tonight, why not try it yourself? See whether *you* are one of those who find Carling's Red Cap Ale tastes even better than beer!

Marion Firms Show Increase In Employment

Employment in the 61 surveyed Marion firms rose by 200 in July, the Marion office of the Ohio State Employment Service reported today. Fabricated metal and nonelectrical machinery producers showed the largest gains.

Employment in these two industries rose to the March level. The gain in those industries was offset by a slight decrease in the number of employes in wood products and electrical machinery establishments.

The industries surveyed predicted only a slight increase in hiring during the next two months, expecting a rise of 140 workers during the period.

At the beginning of August, about 740 persons, nearly half of them women, were seeking employment. This is the highest number since May, 1952. Temporary layoffs were blamed for the increase.

The average number of persons seeking weekly unemployment benefits totaled 140, a decrease of 30 from June, and of 120 since July 1952.

The total number of persons working at the surveyed firms in July was 13,736. The predicted number for September is 13,874.

Actor's Illness Said Rare Tropical Virus

HOLLYWOOD (AP)—Actor Donald O'Connor's illness has been diagnosed as Q fever, a rare, virus-like infection that occurs in the South Pacific, Far East and American Midwest.

O'Connor is in Cedars of Lebanon Hospital and intermittently has been running temperatures of 102 or 103, with periods of chilling, says his physician, Dr. Irving Lasky.

The actor is being given antibiotic and it is uncertain when he will be able to leave the hospital.

Rail Traffic Halted 5 Hours at Edison

Special to The Star

EDISON—Traffic over the New York Central Railroad was tied up here for five hours Thursday when a freight car left the rails in a switch from the main line to a siding.

Galion trainmaster T. J. Brown said the track was cleared at 7:25 a.m. Thursday after some of the traffic was re-routed to Marion and over the Chesapeake and Ohio to Columbus. The accident occurred at 2:30 a.m. when the 14th car from the rear of a 90-car freight train, loaded with steel, derailed and blocked the mainline.

The Pennsylvania wrecker was sent from Crestline to clear the tracks.

Knitting Needle Head Is Costly Tool, Man Finds

BALTIMORE (AP) — A knitting needle head sent 23-year-old Roy F. Bryant to prison yesterday for 10 years.

Authorities said he used a tool improvised from a needle to open screen doors and rob homes. He pleaded guilty before Judge S. Ralph Warnken to five charges.

Realities of Unionism

Something big is happening in unionism. Newest evidence of tremendous stirrings in the organized labor minority which has wielded lopsided influence over government since the thirties is the sudden decision of the Brotherhood of Carpenters to withdraw from AFL.

The day before this was announced, the AFL executive council had made gestures toward throwing out International Longshoremen's Association — meaningless gestures, in all probability, because AFL is not prepared to set up a rival union to back up a threat of expulsion.

John L. Lewis is reported to be readying one more grand coup in his old age — and his potentialities of mischief cannot be disregarded. He started the CIO in one of his fits of pique.

But there is no harmony or loving kindness inside CIO, either. United Steel Workers President David J. McDonald and United Auto Workers President Walter Reuther are stepping warily around each other. And in all unions there is the perennial problem of how to hold memberships inside patterns of rigid discipline.

Union executives no longer can count on government for extraordinary favors. They now are on their own, without special privileges or sanctions. And that is the basic reason why something big is happening in unionism.

The unions are adjusting themselves to the realities of independent existence. It may strengthen unionism as a whole while clipping the prerogatives of union executives. Events now may do what the Taft-Hartley Act started to do.

We Paid as We Went

Beardsley Ruml's testimony before the House Ways and Means Committee on tax reform stirs some meaningful memories.

Ten years ago, he was in dead earnest about tax reform — and he won!

The legislators who have stayed behind in Washington to tackle the overdue task of modernizing the tax structure recognize Ruml as a volunteer authority on public revenue. Ten years ago, the impact of his ideas about pay-as-you-go income taxation changed the minds of a majority of Congress and the tax-paying practices of a nation.

What Ruml seems to be saying now is that a major tax reform is potential without any major change in government operation. It could be done by revising systems of collection in the field of excise taxes and by adopting certain bookkeeping practices.

The net effect would be to produce as much revenue for spending purposes as is needed while eliminating certain excise taxes which cannot be justified, such as the federal tax on gasoline.

In other words, the man who put over pay-as-you-go taxation is now setting out to sell Washington the idea that it can abandon most of its excise taxes with no loss of spending power if it will adopt certain bookkeeping practices. The people have been paying more than they needed to pay, he says, and it should be stopped.

When Beardsley Ruml talks like that, they listen. He always has known what he is talking about.

Secretary of Gloomy Statistics

The text of Malenkov's two-hour speech before the Supreme Soviet reveals a mind with more on it than the announcement that the Soviet Union shares knowledge of a hydrogen bomb with the United States. That was of interest only to the rest of the world.

Malenkov, who is the Communist party's secretary of statistics, as far as the party's dictatorship in the U.S.S.R. is concerned, was thinking primarily of steel, cabbages, hosiery, shoes, wheat, cotton, electric power and oil when he addressed the Supreme Soviet. So were his listeners.

The ultimate fate of the conspiracy guided by the Kremlin will be determined by its success or failure in producing food and clothing, not international complications.

It has no better chance of maintaining itself indefinitely as a police state than the czarist regime had when it was put on the defensive by its failure to organize a self-sufficient Russian society. One day millions of disappointed people will decide it offers no hope of improvement.

Malenkov declared at one point in his lengthy recital of the state of the Soviet Union: "We must liquidate the intolerable lagging behind in the development of stockbreeding, create a firm basis for supplies of fodder, provide suitable premises for cattle and fodder, achieve a sharp increase in the productivity of stockbreeding and higher rates in the growth of numbers of cattle, particularly cows, we must overcome the lagging behind in the production of potatoes and vegetables . . ."

Unfortunately for the terrorists, an economic problem cannot be liquidated by shooting it in the back of the head or shipping it to the salt mines.

First Amendment

By David Lawrence

ASNE Should Study All Restrictions on Press

It's an ill wind that blows no good, and it may turn out that the episode in which James A. Wechsler, editor of the New York Evening Post, was subjected to interrogation by a congressional committee will focus attention on the restraints which have already been placed on the press by law notwithstanding the First Amendment to the Constitution.

When Wechsler was subjected to some questions he considered irrevelevant and which he need not have answered, there was really no infringement of the press unless to be asked embarrassing questions constitutes an infringement of anybody's freedom.

The American Society of Newspaper Editors, however, responding to the special request of Wechsler, appointed a committee which now has reported its conclusions.

The majority is noncommittal and recommended further study of the constitutional questions.

The minority argues that freedom of the press is diminished when "a single newspaper, however worthy or unworthy, is subjected by one senator, however worthy or unworthy, to inconvenience, expense, humiliation, ridicule, abuse, condemnation and reproach, under the auspices of governmental power."

The theory offered is that Congress allegedly can't interrogate anyone about anything it can't legislate about.

The fallacy in this is that Congress can constitutionally inquire into anything hypothetical on the remote theory that it might want to legislate on the subject some day.

It can ask any questions it wishes on any subject at any time — though a witness, of course, doesn't have to answer and can challenge a committee's jurisdiction in a specific field if he likes.

Any member of Congress, moreover, who hasn't a committee forum can stand up in the Senate and publicly ask insulting and impertinent questions every day of any editor, and there isn't any restraint upon the senator except the condemnation of public opinion or the rebuttals that may come from other senators when he gets through talking.

Senators regard freedom to criticize editors as being just as important to them as freedom to criticize senators is important to editors.

But the inquiry which the American Society of Newspaper Editors has just granted to Wechsler is far more important than the questions asked by Sen. McCarthy about the present beliefs and political opinions of an editor who was once a member of the Communist group and now says he has long ago broken off such connections.

The editor's society has set a precedent which apparently requires it to make a study of inquiry whenever any member thinks freedom of the press has been infringed by any branch of the government.

Here are the laws now in existence which might be studied anew, since they plainly contravene the First Amendment ot the Constitution guaranteeing freedom of the press:

1—A law has been upheld by the Supreme Court that penalizes newspapers and threatens them with the loss of second-class mail privileges if they do not reveal their private and personal affairs — namely, the exact amounts of stock, bonds or notes held by individual owners or their families.

Despite the recent comment by two judges of the court in the Rumley case that "inquiry into private and personal affairs is precluded," no newspaper or magazine today can distribute economically without conforming to the rules laid down by the Post Office Department concerning this disclosure of ownership.

2—A law that has taken away second-class mail privileges from a newspaper which editorially preached against the conduct of the war.

The case arose during World War I against the editor of a Socialist newspaper in Milwaukee.

The "U.S. Supreme Court reports" summarized the majority opinion handed down in 1921, as follows:

"Federal legislation conferring upon the postmaster general power to revoke the second-class mail privilege enjoyed by a newspaper which that official finds, after a hearing fairly conducted, systematically to have contained false reports and false statements published with intent to interfere with the success of the military operations of the federal government, to promote the success of its enemies, and to obstruct its recruiting and enlistment service, in violation of the espionage act of June 15, 1917, is not unconstitutional, either as not affording the publisher a trial in a court of competent jurisdiction, or as infringing the constitutional freedom of speech and press, or as taking property without due process of law."

This is still the supreme law of the land, and a congressional committee concerned with the operations of governmental agencies, including the Post Office Department, can ask any question about any editorial policy expressed in a national emergency.

3—A law which has been upheld as constitutional compels an employer to fire any editorial employe who, having joined a union, wants to resign from it and yet keep his job.

An employer also is compelled to dismiss any reporter who after 30 days of employment doesn't join the union.

There are 118 or more such union contracts in existence today with newspapers.

These contracts compel reporters to become members of a CIO union, even though they may have conscientious objections to membership in any CIO organization.

If that isn't "thought control," then the words have lost their meaning.

But in 1937, when the Supreme Court upheld the Wagner law as it applied to press-association employes, no protest came from any society of newspaper editors or from any group of editors professing the "liberal" creed.

Maybe times have changed—so now that some "liberals" have been the victims of the governmental power of interrogation the whole subject of laws that violate the First Amendment will be reexamined.

Perhaps the supporters of Wechsler's demand that editors be exempted from congressional interrogation on their policies now will join in a demand that Congress by statute exempt editorial employe from any labor laws that infringe freedom of the press.

Personal Stuff

By TRUMAN TWILL

The revival of iron-man football this fall will make no difference to me, unless there happens to be a nice Saturday afternoon in October and a local game going on in the neighborhood.

In that event, it will be fun to see what a play-for-fun team does in the absence of its watered-down version of the two-platoon system, now outlawed by the new substitution rule.

This version was a sprout off the human - sacrifice system popular some years back. It consisted of offering a second-stringer to a relentless foe. The coach always had a few boys on hand who were expendable in case a first - stringer broke a leg.

In play-for-fun schools, the two platoon system consisted of a few boys who liked to muss it up and were sent in on defense to spell off the boys who had the knack of gaining ground.

They never quit playing iron-man football in the schools where football was played purely for fun. They couldn't afford hordes of experts. Even if there had been two platoons available, they couldn't have afforded to buy that many suits that matched.

Iron-man football, in the absence of unusual talent, is a dull game for spectators. It needs a Chic Harley, a Red Grange, an Albie Booth, or a quartet of Four Horsemen to keep them awake. That is why the coaches opened it up with flashy formations and razzle-dazzle performers.

That is why the coaches sincerely and earnestly think it's a mistake to give up the system that made the razzle - dazzle possible when they lacked stand - out performers to bring the paying customers to their feet with spectacular personal feats of skill, endurance and courage.

The point — and it has been neglected like a country cousin at a society wedding reception — is that football players used to have themselves some big afternoons in the iron-man days when 22 of them would slug it out man to man, give and take, dog eat dog, may the better man win.

It was personal stuff after the first few minutes of the first quarter. The boys got intimately acquainted while they were puffing and huffing in near-mortal combat. There was a lot of name-calling, personal and profane. The seniors settled old grudges and rivalries while the first-year men opened up new feuds.

A lowly guard would take it in the neck on offense, knowing he could give it back when he regained the use of his hands. The ball-carriers went down with a good-natured grunt when tackled knowing they'd be doing the tackling in a few more minutes.

It was a game for the players.

Then it became a game for the spectators. The coaches, being men of keen acumen and a strong sense of public relations, mastered the art of pleasing the crowd. At the height of their mastery, they achieved the two-platoon system.

The professionals now will have a monopoly in spectator football, unless signals are changed — and don't bet they won't be. Except in the tiniest schools, where football is played for fun, instead of hopes of drawing an offer to turn pro or semi-pro, football isn't likely to be given back to the players.

National Morale Collapsing in France

By Lionel Shapiro

The writer, a European correspondent for North American Newspaper Alliance, has just returned from France, where he followed closely the factors which have led up to the current labor and economic crisis.

-:-

The most important single factor in the paralysis which today grips France is a foreboding collapse of national morale.

Patriotism, faith in the future, a sense of collective greatness as a nation—these things which once were traditional traits of the Frenchman—have all but disappeared from the fabric of life in France.

In their place has been substituted a cold and discouraging personal philosophy. What's good for the nation doesn't count any more.

"What's in it for me?" is the prevailing attitude of the average Frenchman.

Its more than an attitude. It's a national disease which, if not checked, inevitably must lead France downhill to a position, at best, of a fourth-rate power, and, at worst, to Communism.

The tragedy, from the Western point of view, is that the French cannot be left to reap the dismal harvest.

Every successive weakening of France strikes directly at the whole system of collective security built up and directed from Washington. If France goes, NATO collapses completely and all Western Europe is automatically outflanked by Communism.

The average Frenchman knows this. He knows that the United States cannot allow France to go under economically, and he is coming to regard American aid not as a temporary helping hand but as a right.

This attitude fits in neatly with his prevailing philosophy of "To the devil with national problems. I'll take what I can get."

The current wave of strikes, some of which are inspired by Communists and all of which are enthusiastically indorsed by them, is the working-class method of expressing the prevailing national philosophy.

The farmers express it by their cartel operations to keep food prices at the highest possible level.

The property owners express it by gouging their tenants, and the manufacturers of civilian commodities express it by making unconscionable profits and paying miserable wages.

All classes express it by evading taxes and hoarding or exporting whatever wealth they can gather up.

Only a moral revolution on a national scale can check the snowballing descent.

It is the worst-kept diplomatic secret in Europe that this rapid deterioration of the French moral fiber is, and has been, for a long time, the No. 1 worry of the diplomatic planners who are trying to build up a system of collective security against Communist aggression.

France is geographically the Keystone of the West's defense—and France is crumbling.

There is no question that Moscow has been masterminding this process since 1945.

What makes the situation all the more tragic is that France is fundamentally the wealthiest nation in all of Europe. She has the agriculture, the coal, the factories and the physical plant.

She lacks only the will, the spiritual force, the plain, old-fashioned patriotism.

Without these qualities, she is doomed to die, or to live as a pensioner of the American taxpayer.

Resolving an Issue

As far as I can recall, I never resolved an issue more resolutely than the one about the chicken. It was resolved last night.

For three and a half years this old hen had lurked, cackled, fluttered and pecked as a charter member of the Twillery. She was one of two relicts of the original two-by-twoing which provisioned our ark in RFD.

For three years, she had been an unresolved issue: What should be done about that unmentionable name of a chicken that scratches out the seeds, pecked at the tomatoes and left chaos in her wake, which was putting it mildly.

One spring, before her second husband passed on, she was allowed to raise a family. When the family grew up, there was no issue as far as they were concerned. They were killed and devoured. But the matriarch was saved.

After her second husband died, she promised to resolve the issue of her own existence by dying horribly from exposure as the result of shedding all her feathers in January. She survived that, however, and survived again when the same thing happened last winter.

This summer she was back on the job, scratching out her welcome, then making amends by laying an egg, almost every day. In addition to her proclivities as a ruiner of gardens and a despoiler of tomatoes she had developed a morbid interest in duck eggs, which she would scatter from the nests and pick at when it was time for them to hatch.

But she stayed on until last night.

Then something snapped. There had been a shortage of fresh tomatoes on the table at dinner. Chicken damage was to blame.

After sunset, the issue was resolved.

There was fowl play.

The old hen was plucked from her perch in the barn (she had no place she could call her own) and taken for an auto ride. When she woke up this morning she was sitting on a roost with a houseful of other hens.

There could be hen parties around the clock. There was a farmer's wife interested in egg money. There was a place and a role for a lonely old hen to fill, banging out eggs, cackling insanely over nothing and clucking contentedly in the presence of small favors. There also was a rooster.

Things will not be lonely in her absence. She will neither be mourned nor missed. Nothing about her will be missed, except that in summertime there will be plenty of fresh tomatoes in season and there will be that glowing pride which warms a man's self esteem when he resolves an issue that has been tantalizing him with its loose ends of doubts and indecisions.

They will never call on yours truly to decide what to do about dropping an H-bomb on people who torture wounded prisoners, but if they want action on old hens that peck tomatoes—look no further!

The Once Over

By H. I. Phillips

Color TV

Color video on "a compatible system" has won approval from the FCC and the day is near when you can see if the people who make those answers on quiz panels blush or don't mind revealing their ignorance.

Think of it, folks! We may soon look at our TV screens and know the color of the $5,000 auto just won by a Wichita Falls housewife who knows whether a zither is a tropical bird, a garment, a kind of symphony or a musical instrument.

Wonderful as video has been, it has been terribly disappointing to fans not to be able to tell whether the comedian has bloodshot eyes, what color those shorts of "Red" Barber are, whether the TV gangsters can be as stupid in pink, yellow and crimson as in black and white, whether dark or light shell eggs are being used in the cooking program, what color lipstick Faye Emerson is using this week and whether it is true or false that Ed Sullivan's hair is turning gray.

We also have been wondering whether the cowhands in those westerns can miss the target in color as well as in two tones.

-:-

But, barring litigation, color TV is not far away and joy may be around the corner.

Think what it will mean to Junior to see in actual pink and red those two superficial scratches the hero gets after being slugged, kicked and hurled all over the western saloon!

Imagine getting the real color of Godfrey's pajamas without writing a letter to the station!

Fancy watching those kiddies on the juvenile quiz programs and being able to determine for sure whether they are real live children or something out of Paul Winchell's trunk!

Oh, the satisfaction which will come to the American home when it is no longer guessing at the exact color of one of the Gabor's sisters' eyes. (Personally we have a yen to see if the people in the audience at wrestling bouts are a strange race of green and purple folks. We wince, however, at the very thought of wrestlers in color.)

And what about commercials? Will throat scratch come through in color? How will chlorophyll do when not limited to a black and white presentation? Will beer as the foundation of home life and the smart thing at junior miss parties be effective in deep amber and in colored steins?

(We know a big advertising wizard who sees such great possibilities in color TV that he is trying to sell a cereal manufacturer the idea of turning out a bright crimson breakfast food and has sounded out the coke industry on a polka-dot soft drink. It wouldn't surprise us if color video brought out a light beer in a choice of six colors.)

-:-

The color TV now approved will allow the picture to come through without color on all existing black and white sets.

Special color sets will cost from $800 to $1,000, which is a lot of money to pay to get the authentic complexion of a whodunit hoodlum and know whether Ilka Chase, Peter Donald, Audrey Meadows, Buff Cobb and Robin Chandler are the same shade on all panels.

Britain has suspended for three years the motorcycle license of a 95-year-old man, just arrested for driving recklessly. A bottle of whisky fell out of his pocket on the way to the hoosegow. Compared to the behavior of Americans in motor vehicles, the guy may be said to be just about getting the feel of it.

News of Other Years

TEN YEARS AGO—It was Saturday, Aug. 14, 1943.

Officials of the 20th Century-Fox studios in Hollywood announced the Marion County fairgrounds would be the scene of the filming of the racing phase of a Technicolor production of "The Phantom Filly," a novel by George Agnew Chamberlain. A large share of the film, retitled "Home in Indiana," was to be made during a three-day harness racing meet especially arranged by the Marion Trotting Association in cooperation with the studio.

A Marion County quota of $2,829,000, exclusive of bank purchases, was set for the nationwide Third War Loan drive to be launched Sept. 9 and Robert E. White, president of the National City Bank, was named Marion County chairman.

Pelted by everything from blockbusters to machine-gun bullets from the air and artillery fire from the sea, the German army had begun a full-scale evacuation in an effort to save as much material and manpower as possible from the wreckage of Sicily for the battle of Italy.

Mrs. Ida Mae Rowland, 41, Marion County native, died at her home in Bucyrus after a two weeks' illness.

—:—

TWENTY YEARS AGO—It was Monday, Aug. 14, 1933.

The list of Marion employers who had signed voluntary pledges to cooperate in the national recovery program grew to 608, the Marion postoffice reported. Those agreeing to cooperate were given NRA emblems.

A son was born at the F. C. Smith clinic to Rev. and Mrs. H. C. Osborn of New Carlisle, O. Rev. Osborn was a former Marion minister.

Rev. and Mrs. Carl V. Roop of S. Prospect St. left to spend a week with Rev. Roop's brother-in-law and sister, Mr. and Mrs. William Noll of Pleasant Hills, Ind.

Mrs. Katherine Kelly, 58, died at her home on S. High St.

Jacob Albright Sipes, 67, died at his home on N. Greenwood St.

The First Presbyterian softball team won the No. 1 Sunday School league championship for the second consecutive season by defeating the Trinity Baptist team, 9-0.

Mr. and Mrs. C. M. Alheit and daughter, Mary Kathryn, and niece, Dorothy Artz, returned from a weeks' vacation with relatives at Lake Erie.

Private Pilot Dies in Crash Near Delaware

Special to The Star

DELAWARE — Funeral services will be held Saturday for a 28-year-old father of five children who died Wednesday night in the burning wreckage of his light airplane near here.

Richard S. Cutler of the Worthington-New Haven Rd., was pinned inside the plane which crashed about 6:45 p.m. Wednesday near the Orange Rd., between the New York Central and Pennsylvania Railroad tracks, a half mile east of Route 23. The plane burst into flames when it struck a 2400 volt high tension wire about 50 feet above the ground. Witnesses said the plane turned end over end after it hit the wire and landed on its nose, then turned over again.

Cutler was a World War II veteran, having served with the Coast Guard. He was an electrician employed by a Columbus firm, McCarthy Bros., and was a member of the International Brotherhood of Electric Workers at Columbus.

Surviving with his wife are five children, Patricia, 7, Frances, 6, Susan, 5, JoAnna, 3, and Richard, 1; his parents, Mr. and Mrs. Curtis D. Cutler of the Worthington-New Haven Rd.; three brothers, Waldo of San Francisco, Curtis Jr., at home, and Donald of the Navy; seven sisters, Mrs. Peter Joseph of Ft. Wayne, Ind., Mrs. Donald Crissinger of Galion, Mrs Andrew Fathbruckner of near Delaware; Mrs. Kenneth McKenzie of Thousand Oaks, Calif., Mrs. Paul Carter of near Delaware, Mrs. James McLane of Delaware and Alice Cutler, at home; and the maternal grandmother, Mrs. Minnie Looney of Ostrander.

Funeral service are set for 2 p.m. Saturday at the Robinson-Hanrahan Funeral Home. Burial will be at the Oak Grove Cemetery.

Stock Entries In County Fair Number 269

A total of 269 head of livestock have been entered for the Marion County Fair, Clifford Campbell, secretary of the fair board, reported this morning. This number was entered by 35 persons.

Twenty beef cattle, 25 dairy cattle, and 45 head for the Milking Shorthorn contest have been entered. Some entered 10 head of sheep and 69 swine have also been entered so far.

Poultry entries have been slow in arriving this year, but Campbell expects them to begin pouring in today and Saturday.

Campbell's office at the Coliseum is open until 5 p.m. today and from 9 a.m. to 9 p.m. on Saturday. Saturday at 9 p.m is the deadline for all entries in this year's fair Campbell said, however, that mail entries postmarked by 9 p.m. Saturday would be accepted even though they arrive after the deadline time.

Campbell reminded participants that their entries must be kept in place until 6 p.m. Thursday, Aug. 27; and asked that persons who are unable to comply with this ruling refrain from entering the fair.

Ada Centennial Show Will Begin With Picnic

ADA—A Farmers and Merchants Picnic will open the five-day centennial celebration at Ada on Wednesday, Aug. 19, at Memorial Park. The picnic will open with a flag raising ceremony and basket lunch at noon. It will continue into the evening, being topped off with the Ada Centurama featuring a cast of 400, at 8 p.m.

During the afternoon, there will be a horseshoe pitching contest, a band concert, an appearance of the Cochran's Majorettes of Port Clinton, games and contests for the children, an introduction of the nominees for queen, and displays by the Lima Ordnance, Boy Scouts, and Girl Scouts.

There will also be free swimming for children up to high school age, as well as pony rides, ferris wheel, and a merry-go-round, a team pull and a 4-H project show.

Steelworker Is Slain In Ambush, Hunt Killer

YOUNGSTOWN, Ohio (AP)—Sheriff's deputies and nearby Lowellville police sought clues today in the ambush slaying of steelworker Arthur Osborne, 42, felled by two shotgun blasts as he walked home from work.

Osborne was less than 200 yards from his home yesterday when the murderer struck from his hiding place on a steep, wooded hill along lonely Poland Hill Rd. Osborne's father, James, and a sister, Miss Ida Osborne, 45, were waiting for him on the porch of the frame house he never reached.

The killer escaped.

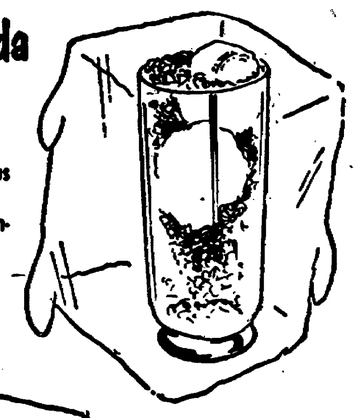
Summer Coolers are easy to make with Borden's Sherbets

try these for pleasant refreshment!

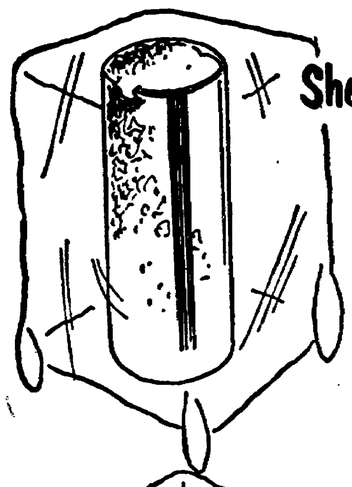
Summer Soda

Put two tablespoons of strawberry or raspberry fruit syrup into a tall cold glass. Add a generous quantity of Borden's Orange, Lemon, or Lemon-Raspberry Sherbet. Fill with chilled sparkling water. Wonderful!



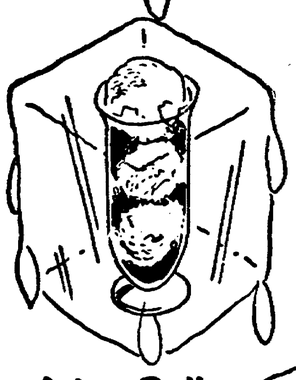
Sherbet Frosted

Put a half-cup of ice cold milk into a mixing bowl. Add 4 heaping tablespoons of Borden's fruit Sherbet, plus a tablespoon of fruit or simple syrup, or sugar. Put on mixer, or use hand mixer until fully blended. Spoon into a thin cold glass. Top with a sliver of Sherbet.



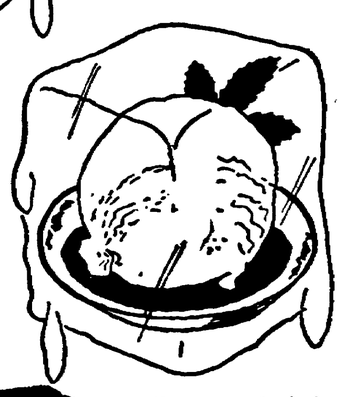
Sherbet Parfait

Use 2 or 3 different fruit syrups. Alternate layers of syrup and Borden's fruit Sherbet, packing Sherbet tightly to keep layers distinct! Fine!



Julep Ball

Put two tablespoons of mint (or lemon) sauce into a small dish. Add a large rounded serving of Borden's Sherbet. Garnish with mint leaves. Delightfully unusual!



You can get Borden's Sherbets at your favorite Borden's Ice Cream Dealer!

Installed by Lennon's Experts

WALL-TO-WALL CARPETING

does make a difference!

Definitely there is nothing that can equal wall-to-wall carpeting for adding that note of "completeness" to your home. Rooms that seem to "lack something" take on a new depth and beauty with a Lennon wall-to-wall carpet installation.

The reason is evident. Quality carpeting plus expert installation by carpet mechanics with years of experience. And Lennon's does the job in the proper manner. No ugly, bulging edges along the wall — No tack heads showing — no puckers and ripples to spoil the effect. Carpets look like they have been poured into the room.

You good folks who have been waiting — bring your carpet problems to Lennon's. Our selection of patterns, weaves and colors was never larger, and of course, you save money on Lennon's lower prices.

MRS. THOMAS E. BALLINGER

—:—

Miss Marilyn Guy Becomes Bride of Thomas Ballinger

Ferns banked the altar and formed a background of greenery for the baskets of white gladioli which decorated Epworth Methodist Church for the wedding of Miss Marilyn Louise Guy and Thomas Eugene Ballinger Sunday afternoon. Garlands of huckleberry on the choir loft railing and lighted tapers in tall bandelabra completed the setting.

The 3:30 o'clock ceremony was read by the pastor, Rev. Walter C. Eyster, and there was a program of nuptial music by Mrs. George Lane, organist, and Mr. Lane, vocalist.

The bride is the daughter of Mr. and Mrs. William H. Guy of 476 S. Vine St. and Mr. Ballinger is the son of Mrs. Forest Ballinger of 233 Forest Lawn Blvd. and the late Mr. Ballinger.

Escorted to the altar by her father, the bride was preceded down the aisle by her attendants, Mrs. Franics E. Guy, a sister-in-law who was the matron of honor, Miss Sue Sparks and Mrs. Richard Huddle, bridesmaids, and Miss Peggy Ballinger, sister of the bridegroom, who was the junior bridesmaid.

The bride's redingote gown of candlelight chromespun was fashioned with an off - the - shoulder neckline and three-quarter length sleeves. The redingtote, button - trimmed in front, was worn over a bouffant tulle skirt and extended into a cathedral train outlined with heavy cording. Her full - length veil extended from a corded pillbox hat and she carried a crescent bouquet of Amazon lilies.

The attendants' gowns were alike. The white chromespun redingotes were worn over royal blue taffeta petticoats and graduated into short trains. They wore flower hair clips matching the blue in their costumes. Mrs. Guy carried a crescent bouquet of white glamellias and the bridesmaids' bouquets were royal blue glamellias. The flower girl was the bride's niece, Pamela Guy. She wore a replica of the bride's gown and carried a small crescent shaped bouquet of white flowers. Ringbearer was the bride's nephew, Tommy Guy.

Ray Ballinger, served as best man for his brother, and ushers were J. C. Ballinger and Don Ballinger, brothers, Roger Andrews and Francis Guy.

The reception was in the church parlors. Assisting were Mrs. William Guy Jr., Mrs. Robert Guy, Mrs. Jack Ridenbaugh, Mrs. Edwin Geddis, Mrs. Homer R. Waddell, Mrs. Glenn Ruffner, Mrs. Marion McDaniel Jr., Mrs. Ray Ballinger, Mrs. J. C. Ballinger, Mrs. Richard Freese and Mrs. Robert Cunningham.

When the couple left on a wedding trip to the Smoky Mountains the bride was wearing a brown tweed suit, rust blouse and brown accessories. Her going-away bouquet was brown cymbidiums. They will make their home at 219 Gurley Ave.

Mr. Ballinger was graduated from Miami University in June.

Miss Guy was complimented with a number of showers before her wedding. Mrs. F. E. Guy and Mrs. William Guy Jr. entertained with a bathroom shower at the home of the former at 242 S. Seffner Ave. and on Friday evening, Aug. 7, Mrs. Marion McDaniel Jr. was hostess at a shower.

The rehearsal party was given by Mr. and Mrs. William Guy of S. Vine St. Miss Guy presented the matron of honor with an ebony jewel case and earrings and gave the bridesmaids ebony jewel cases. Mr. Ballinger's gift to the best man was a dopp kit and gave the ushers cuff links and tie clasps.

Nevada Man Fined $50 After Two-Car Accident

Special to The Star

NEVADA — Ben Dyer of southwest of Nevada, was fined $50 and costs by Mayor L. W. Snavely here Tuesday for driving while under the influence of alcohol.

The charge was a result of a head-on collision in Nevada Monday about 6 p.m. in which Dyer drove his car head-on into a car driven by Edward J. Fryman of Crestline. Both cars were badly damaged.

MRS. BEVERLY ARD, of New Orleans, picked to represent Louisiana in the "Mrs. America" contest at Asbury Park, N. J., is shown with her seven-months-old daughter, Mitzi Gail, and her trophy.

Paper Doesn't Haye To Provide Delivery

RALEIGH, N. C. (AP)—Atty. Gen. Harry McMullan has ruled a newspaper doesn't have to deliver paper to a would-be subscriber.

The Asheville Citizen - Times stopped deliveries to M. M. Matthews, who insisted his paper be put on the porch instead of in his less convenient mailbox. Matthews sought a ruling.

The attorney general said he thought Matthews could "protect his interests" by purchasing his paper at a newsstand.

Weddings

Announcement is being made of the marriage of Miss Rita Miley and Robert Erickson, which took place July 24. The bride is the daughter of Mr. and Mrs. George Miley of 824 E. Mark St. and the bridegroom's parents are Mr. and Mrs. G. A. Erickson of St Paul, Minn.

The double ring ceremony was read at 6:30 o'clock in the evening in the chapel at the home of the bride's uncle and aunt, Mr. and Mrs. Paul Giles, at Memorial Gardens north of the city. Officiating was Rev. Earl Holliday, pastor of Maranatha Bible Church. Organ music was by Guy Moore.

Given in marriage by her father, the bride wore a light blue suit with navy and white accessories and carried a small Bible showered with greenery. Her corsage was yellow roses.

Mrs. Lloyd Cook was the bride's attendant. She wore a light tan suit and carried a cluster of ivy. Her flowers were red roses.

Lloyd Cook served as best man for the bridegroom and seating the guests was Jack Arter.

For the reception, the table was centered with a tiered wedding cake decorated with a miniature bride and bridegroom. Assisting were Miss Nova Jane Giles, Miss Betty Moore and Mrs. LeRoy Schlecht.

The couple spent their honeymoon in Wisconsin and Minnesota. While in St. Paul they were given a belling party by the bridegroom's parents. They are making their home in the Crawford Apts. on Blaine Ave.

The bride was graduated from Harding High School in 1948 and the Vogue Modeling School in Columbus. Until recently she was a stewardess with the American Airlines. The bridegroom was graduated from Johnson High School in St. Paul. He served three years in the U. S. Air Force and is now a band instrument repairman with the Harden Music Store.

4 Minor Accidents Reported by Police

Four minor traffic accidents were reported today by Marion police. The state highway patrol and the Marion County sheriff's office reported no accidents.

A car driven by Chester D. Shoup, 30, of 734 Uncapher Ave. was damaged when struck from the rear by car driven by Russel Patrick, 28, of 375 E. Mark St. The mishap occurred at Leader and Owens Sts. at 5:10 p.m. Thursday.

Cars driven by Lee E. Dickason, 17, of 541 Avondale Ave. and Lanier E. Wood, 36, of 182 Kensington Pl. were involved in a mishap on the parking lot at the rear of the L and K Sandwich Shop on W. Center St. at 11.10 p.m. yesterday. There was only minor damage to Wood's car.

The front end of a car driven by E. G. Long, 31, of 370 Pearl St. was damaged when it struck the rear of another car driven by Edward Dean, 39, of near Cardington. The accident occurred at W. Columbia St. and the C & O Railroad crossing at 3:25 p.m. Thursday.

A car driven by Frank T. Bruno, 19, of 538 Vernon Heights Blvd. and a truck driven by Kenneth W. Buckland, 36 of 325 Holmes Pl., were involved in an accident at Columbia and S. Main Sts. at 1:41 p.m. yesterday. There was minor damage to the truck.

Driver Fails To Show In Court, Faces Arrest

A bench warrant for the arrest of Freelon Gullett, 32, formerly of 607 E. George St. has been issued by Marion Municipal Judge W. Dexter Hazen.

Gullett was arrested on a charge of drunken driving by Marion police June 4. He entered a plea of not guilty in Municipal Court the next day and a jury trial was set for yesterday. He failed to show up and the arrest warrant was issued after Judge Hazen was informed Gullett had moved from the E. George St. address and left no forewarding address.

DRIVER FINED $15

One traffic arrest during the last 24 hours was reported this morning by Marion police. William H. Little, 20, of Hillier, Ky., was charged with failure to display a driver's license on demand of a policeman. He was fined $15 and costs on his plea of guilty in Municipal Court this morning.

Marion Erie Veterans To Attend Annual Picnic

About 60 Marion members of the Erie Railroad Veterans Association will leave late tonight for Conneaut Lake Park, near Meadville, Pa., where the annual picnic of the group is to take place Saturday.

More than 3,000 active and retired employes of the Erie are expected to attend the affair. To be eligible for membership in the Veterans Association, a person must have at least 20 years of service with the Erie.

Two Pullman cars will be available for the Marion group. They will be ready for boarding at 7:30 p.m. and will leave the city near midnight.

Americans on Okinawa Brace for Big Typhoon

NAHA, Okinawa (AP)—This great American island base dug in tonight for one of the wildest typhoons ever recorded in the Pacific, only a few hours away.

The Army ordered Condition 1 alert at 8 a.m. EST—with the storm only about 12 hours away.

The typhoon's winds were howling up to 184 miles per hour.

N.Y. Stock Quotations

NEW YORK (AP) — Stocks eased lower today in a quiet market with losses moderate.

The decline extended to around 2 points in a few cases. At the same time there were gains of around a point in evidence. Most changes were in the smaller fractions with a great number of leading issues unchanged.

The whole market was neglected.

General Motors, faced with production cutbacks because of the destructive fire in its automatic transmission plant, lost a full point yesterday and opened unchanged today on a block of 1,000 shares. In later trading it gained slightly and then lost ground.

Lower stocks included Illinois Central, New York Central, U.S. Gypsum, American Smelting, U.S. Steel, Chrysler, Goodyear, and Boeing.

Afternoon Ceremony Set

Dedication of Municipal Airport Planned Sunday

Final plans for dedication of Marion Municipal Airport Sunday were announced today by the Chamber of Commerce Aviation Committee.

H. L. Dowler, chairman, said the schedule for the day-long program will be the same as previously announced with a few exceptions.

In place of a band concert beginning at 2 p.m., recorded music will be played from 2 to 2:30 p.m. This change was made necessary because all local bands either have prior commitments or have disbanded for the summer, he explained.

Flag-Raising Program

A flag-raising program with Bird-McGinnis Post 162, American Legion, providing the color guard, is scheduled at 2:30 p.m.

Hopes for exhibits of military planes on the ground have been replaced with a tentatively scheduled "fly-over" of Ohio National Guard planes from Mansfield at about 2:30 p.m. This change was made after commander's of nearby military bases said they could send no planes to Marion Sunday.

The day's events will begin with a breakfast at 7 a.m. at the airport with an expected 200 pilots from a 250 mile radius participating. Following this, breakfast flights will start at 8 a.m. and continue until noon.

At the afternoon program, following the playing of the National Anthem and the flag-raising, Dowler will speak on the "History of the Marion Municipal Airport."

He will be followed by Marion Safety-Service Director Ralph Forrest speaking on "Operations at the Airport."

Mayor To Make Dedication

The dedication speech will then be made by Mayor Harold F. Robinson.

Dowler pointed out that those who arrive at the airport around 2 p.m. will be able to watch a refueling operation of a Lake Central Airlines passenger plane. Also, Lake Central will have a passenger plane on exhibition. Those attending the ceremonies will be permitted to inspect the interior of the plane and a regular flight crew will be on hand to answer questions.

Completed in 1950 at a total cost of $605,384, Municipal Airport contains some 17 acres of macadam runways and taxiways. One runway is 4,300 feet long and the other is 3,500 feet long. Both are 100 feet wide. The runways are some 15 inches thick and 70,000 tons of limestone and asphaltic mixtures were poured into their construction. These were supplied by the National Lime and Stone Co. and the Hamilton Stone Co., both of Marion.

The administration building is a one-story building, 80 feet by 40 feet, containing a waiting room, baggage room, restaurant, and operational offices of Lake Central Airlines.

Police Report 4th Break-In

Stag Bar and Grill Entered, $60 Taken

Fourth burglary of Marion business places this week was reported today by Police Chief Tom Coon.

Discovery of a break-in and the theft of $60 at the Stag Bar and Grill at 462 W. Center St. was made yesterday by Alan Quick, an employe.

Police investigation showed that entrance was gained by forcing open a rear door. The money was in a cash register.

The break-in was reported to police by Joe Spangler, owner and operator.

Police are continuing their investigation of this and the three previous burglaries of business places. These were at Samilson's Inc., women's wear store last week end with some $45 taken, May's Jewelry Store Monday night with $1,000 worth of jewelry stolen from a display window, and Moskin's Credit Clothing store Wednesday night with some $1,500 worth of jewelry and miscellaneous other items taken.

patriated in the early days of the exchange started for the United States and home.

A plane with 11 American repatriates aboard stopped for the night in Honolulu on the trip from Tokyo to Travis Air Force Base near San Francisco. All but one were sick or wounded.

An earlier plane, bearing 17 seriously ill repatriates, landed at Travis Wednesday morning.

And at the South Korean port of Inchon, 303 Americans boarded the transport Gen. W. F. Hase for San Francisco or Seattle. It was scheduled to sail by Saturday.

The transport Gen. Nelson M. Walker left Inchon Tuesday with 328 repatriates for the two-week trip to San Francisco.

Fifth more Americans are scheduled to be freed at Panmunjom in Saturday's exchange, along with 50 British and 300 South Koreans.

The 84 Americans who returned Friday brought the U. S. total freed in 10 days of the exchange to 907 of 3,313 the Reds said they held.

The Reds also returned 74 British, 1 Canadian and 247 South Koreans, eight of whom were litter cases although classed "able-bodied" by the Reds.

The shipment of 406 made a total of 3,976 Allied prisoners returned of 12,763 the Reds listed.

The Americans who came back Friday added to the stories of callous mistreatment in Red camps—murder and beatings and near-starvation and turncoat Americans who went over to the Reds.

They also told of other Americans, the tough "reactionaries"—men who refused to buckle to the Communists. Some of these die-hard Americans, they said, were convicted on trumped up charges in courts-martial as late as July 28—the day after the armistice was signed and the shooting stopped.

3 More Ohioans Released by Reds

By The Associated Press

Three Ohio men were among the American prisoners of war released last night by the Korean Communists.

The mother of Cpl. Franklin D. Richesson, Mrs. Inda Richesson, of Coshocton, thanked a reporter who told her the news and hung up the phone quickly so she could spread the tidings.

In Dayton, Charles C. Hankey said he knew right along his boy, Charlie, would be freed, "But I though he would be released Tuesday or Wednesday."

The third repatriated Ohioan was Cpl. Alfred Cross of Rt. 2, Bainbridge.

The U. S. Navy organized a relief armada of ships and planes. The heavy cruiser Salem, flagship of the U. S. 6th Fleet, arrived at the disaster area yesterday and the fleet's five big transports were due today.

The transports carried a reinforced battalion of Marines to aid in the rescue work, equipment for distilling water and large stores of food and medicine.

U. S. headquarters in Europe gave the Greek quakes "overriding priorities over all other U. S. operations in Europe." All U. S. military exercises on the continent were canceled.

37TH MEN HEAD HOME

CAMP POLK, La. (AP)—The first group of Ohioans to finish their 19 months of active duty with the 37th "Buckeye" Infantry Division are on their way home this week, division headquarters at Camp Polk has announced. There will be 130 enlisted men and 34 officers in the first group.

The Mediterranean cockroach usually lives outdoors, entering houses at night.

World Champions Will Appear Here

TWO MEMBERS OF THE OHIO STATE swimming team who will be present for a demonstration at the dedication of the new Country Club swimming pool Aug. 23 are Yoshi Oyakawa, left, Olympic diving champion, and Dick Cleveland, right, world medley 300-yard free style champion and holder of the world record for the 100-yard free style.

Green Camp Boy, 9, Is 15th Polio Victim

A Green Camp boy, who will be nine years old tomorrow, is Marion County's 15th polio victim this year.

He is Tommy Price, son of Dr. and Mrs. Neil Price of Green Camp. The Marion County Health Department reported today that he had been ill one day when he was taken to Children's Hospital Wednesday and his illness diagnosed as polio.

An eight-year-old brother, David, has been given a gamma globulin shot. Tommy becomes the seventh county resident to contact the disease this year, while eight cases have been reported in the city so far.

Crestline Mayors Erred in Handling Fines, Audit Shows

COLUMBUS, Ohio (AP)—Audits of five Crawford County villages by the state bureau of inspection has resulted in findings of $2,365 against the village of Crestline in favor of the county.

The sum represented half of the fines assessed in court cases brought under state statutes from May 23, 1948, to Oct. 17, 1952.

Three Crestline mayors who served during the period assumed that half the fines belonged to the village and half to the county, examiners reported. All the fines should have gone to the county.

Total findings against Crestline were $2,702. Findings against other villages were New Washington $575, North Robinson $88, Tiro $48 and Chatfield $47.

Raids on Starlings Ruffle Sleepers at Y

OKLAHOMA CITY (AP) — Nightly police war on starlings at Civic Center is playing havoc with 168 beauty sleeps at the nearby YWCA.

"Can't you see how bad I look?" one of the working girls complained to a reporter. "I don't feel like I've slept in a month."

She thought there must be another way to get rid of the pesky birds besides with a shotgun during sleeping hours.

"It's almost enough to make a girl marry and move away,' another said.

General Feels Soviet Timetable Is Unaltered

COLORADO SPRINGS, Colo. (AP)—Gen. Benjamin W. Chidlaw, commander of the Air Force's Air Defense Command, said yesterday he doesn't believe Russia's timetable "whatever that may be"—would be altered by Red possession of a hydrogen bomb.

But he said in a statement at his headquarters here:

"The possession of a substantial number of such bombs might, because of the destructive potential, increase their confidence in the success of an air attack against the United States.

ing beauty" contest will be held. Winners in this event will be determined by the oldest costumes modeled. The contest is in honor of the county's celebration of Sesquicentennial Week.

Some of the members of the swimming team who will give a demonstration of their skills are Jerry Harrison, national 10 meter platform diving champion; Dick Cleveland, world medley 300 yard free style champion; Bob Clotworthy, world diving champion; Yoshi Oyakawa, Olympic diving champion; and Ford Kono, Olympic 1,500 meter free style champion.

Events of the dedication will be limited to members of the Country Club and their guests.

School's Only Coach

Ohio State's swimming coach, Mike Peppe, is the only one the school has ever had. He began his job in 1931. His teams have won nine Big Ten championships including sweeps in the last five years.

In addition, Peppe's teams have won seven NCAA championships, six NAAU indoor crowns, and four NAAU outdoor championships for a total of 17 national crowns.

Ohio State's divers have won Big Ten championships 15 times in the last 16 years; 14 NCAA titles in the last 16 years; and 13 crowns in the last 16 years in the NAAU events. Peppe has been diving coach of the United States Olympic teams for the past two years.

The Ohio State swimmers just returned from Japan where they added to their international fame. They had been invited to that country by the Japanese Swimming Federation.

IN THE SERVICE

A-3c Jon R. Jones will report Sunday to the 6500th Special Training Squadron at Wright Patterson Air Force Base, Dayton, after spending a 15-day leave here. He is the son of Mrs. G. E. Jones of 458 N. Prospect St. and the late G. E. Jones. He just completed a 16-week course in jet fighter mechanics at Amarillo Air Force Base, Texas. He entered the Air Force at Lackland AFB in January of this year during his senior year at Harding High School.

Bradley McGinniss, son of Mr. and Mrs. Wilfred Freeman of 199 Sharp St., recently was promoted to sergeant while serving with the 7th Infantry Division in Korea. A member of Company C of the 31st Infantry Regiment, Sgt. McGinniss entered the Army in November, 1951, and arrived overseas in October, 1952. He attended Harding High School and was a block layer for George Persinger prior to entering the service.

New power developments at Niagara Falls will operate at night and in the off season to cut the flow over the falls to about one fourth of the normal volume, but will permit almost full flow when sightseers are likely to be present.

Concord Lawyer Tobey Successor

CONCORD, N. H. (AP)—Gov. Hugh Gregg (R) today appointed Robert W. Upton, 69-year-old Concord lawyer to the U.S. Senate seat vacated by the recent death of veteran Sen. Charles W. Tobey (R).

Upton, a Republican, will serve until January 1955. The remaining two years of Tobey's term will be filled in the 1954 election.

A full six year term candidate also will be chosen in that election as Sen. Styles Bridges' term expires in January 1955. It will be the second time in New Hampshire history the state elected two senators in the same election.

Upton first became active in New Hampshire politics in 1911 when he was elected to the state House of Representatives.

Hurricane

er the beating of the wind, which reached 90 miles per hour, killing at least one man and injuring five other persons.

Power and communication lines were torn down, trees uprooted and broken, roofs and signs blown away. High tides and torrential rains flooded streets, highways and basements.

Forewarned, however, residents battened down everything that could be, evacuated the most dangerous areas and braced for the blow. Damage, as a result, was relatively light. Much of the North Carolina area swept by the storm is sparsely populated.

Houston Jernigan, 46 - year - old Dunn, N. C., department store owner, was blown off a fishing pier by fringe winds at Wrightsville Beach, near Wilmington, and carried out to sea.

Boatswain's Mate 1-C Dudley Lewis, skipper of a Coast Guard picket boat trying to rescue Jernigan, was thrown by the churning waters through his boat's windshield and had to be hospitalized.

Four Marines at the Cherry Point Marine air base were reported slightly injured.

The strongest winds—an estimated 90 miles an hour — struck Cape Hatteras and Cherry Point. Elsewhere 70 miles was reported near the peak.

The 398-foot Norwegian tanker, Marna, was out of control and directly in the storm's path some 2 miles southeast of Cape Lookout, N. C. But a Coast Guard officer reported later the vessel apparently weathered the storm.

Called Barbara for the second letter of the alphabet, the storm was discovered only Wednesday 325 miles east of Daytona Beach, Fla.

Lake Fertilized To Benefit Fish

Will Help Bluegills In McKinley Pond Here

Four gallons of liquid concentrate fertilizer were dumped in McKinley Lake this morning, Fire Chief Owen Sifritt announced.

The fertilizer designed to promote growth of a food supply for the 2,000 bluegills placed in the lake earlier this month by Chief Sifritt, Police Chief Tom Coon and the Knickle minnow hatchery near Prospect.

Chief Sifritt predicted that "fishing will soon be good there for the kids in the city."

When the bluegills were placed in the lake, plans were announced for a fishing derby to be held in the near future for Marion children. Tagged fish from the Lake Erie area are to be placed in the lake with each tag winning a prize for the fisherman.

Controls

(Continued from Page 1)

of a cent lower than Wednesday's finish.

The referendum is the first held on wheat controls since 1942, when they were approved by an 82.4 per cent majority of the 392,000 growers then voting.

Similar controls may be invoked for cotton and corn next year. They already are in effect for peanuts and major types of tobacco.

The balloting is being held at a time when the nation is faced with a problem of mounting agricultural surpluses and debate rages among farm leaders as to how the problem should be met. Involved in this debate is present farm legislation which has been criticized by Benson as inadequate.

Whether or not they like wheat production controls, farmers are under strong economic pressure to approve them, and have done so in all previous votes. A rejection of controls would result in a reduction of wheat price supports next year from the present 90 per cent of parity, or about $2.20 a bushel, to 50 per cent of parity, or about $1.22 a bushel.

Parity is a price designed to be fair to farmers in relation to prices they pay.

Because of the possible sharp decline in wheat prices that would follow a defeat of controls, Chairman Hope (R-Kan) of the House Agriculture Committee has urged farmers to vote for them. Benson has kept hands off, except to urge all eligible farmers to vote.

Party politicians figured that defeat of controls with resulting lower wheat prices would loom prominently in next year's congressional elections, particularly in the Midwest and Great Plains regions where many Republican lawmakers will be up for re-election.

To carry out the control program, the department has allotted 62 million acres for wheat next year compared with 78 million this year. Each farm's marketing quota would be the amount of wheat grown on its allotment. Wheat grown on excess acres would be subject to a penalty tax equal to 45 per cent of parity or about $1.10 a bushel if sold or used.

TO ATTEND COLLEGE

Miss Barbara Barnhart, daughter of Mr. and Mrs. Ivan R. Barnhart of 554 Mt. Vernon Ave., will attend Capital University at Columbus this fall. Miss Barnhart has received a one-fourth tuition scholarship. She was graduated in June from Harding High School and will take a liberal arts course at the college. While in high school, she was a Buckeye Girls State representative and a member of the National Honor Society and the school orchestra.

Icebox Death Traps Claim 2 More Victims

HAVERHILL, Mass. (AP) — Two youngsters suffocated in a discarded ice box last night, bringing to 11 the number of children who perished in that manner throughout the country in two days.

The latest victims were Michael T. Rogers, 4, and Edward P. Ferguson, 3.

A search party found their bodies entombed in an abandoned ice box on a dump about 200 yards from the Haverhill homes of the youngsters' parents.

Four children died in Richmond, Va., in that manner yesterday and five youngsters died in Proctor, Ark., Wednesday night.

And just a year and one week ago, 4-year-old Gary Smith, locked himself in an ice box in Springfield, Vt. He lived, but is partially blind and an invalid.

About 200 policemen, firefighters and volunteers had searched for the Haverhill youngsters for about six hours before Lucien Duval, 33, an uncle of the Ferguson boy, lifted the ice box lid and saw the two unconscious forms.

Duval said tearfully: "I just got through reading about those other kids dying in ice boxes, so a companion and I decided to take a look."

Firefighters tried desperately, but in vain, to save the boys' lives by artificial respiration and the administration of oxygen.

Youth Suffers Severe Hand Injury in Mishap

Lowell Murphy, 18, suffered a severe hand injury in a farm accident Thursday.

His right hand was caught in a hay baler while he and his father baled hay at a brother's farm southwest of Meeker. They were reportedly changing the wire when the baler tripped out of turn.

The accident occurred shortly after 4:30 p.m. and Murphy was taken to Marion City Hospital for treatment. He is reported in 'fair' condition today.

Murphy is the son of Mr. and Mrs. Oscar Murphy of north of Meeker and was graduated from Meeker High School last spring.

These Days

By George Sokolsky

When the Congress reconvenes in January or earlier, should a special session be called, its members will have been home to visit with their constituents. They will have a closer appraisal of public opinion on the questions with which they will have to deal.

SOKOLSKY

They will be able to measure the popularity of President Eisenhower which has been an important consideration in the halls of Congress.

I have been noting the returns on this subject by "Facts Forum." I select this study over some others because I like the method of gathering data. It seems to me to provide the possibility of a better cross-section of the country than some other polls of opinion.

-:-

THE QUESTION asked was: "Do you favor Ike over the man likely to be the next Democratic nominee?" Frankly, this question bothers me because who knows who will be the next Democratic candidate? How can anyone have an opinion on that subject?

I would have asked the question more simply. "Do you still like Ike?" Or, perhaps, "Do you like Ike as much as you did?"

However, at this stage, I think the answers would be the same no matter how you ask the question: the President is a popular man.

In January, the President's popularity on this poll stood at 89 per cent; in March, it was 85 per cent; in April, 87 per cent; for July, 80 per cent. It is interesting that when these figures are broken down for the Solid South, they show the July figures break up as follows: 78 per cent for the North; 82 per cent for the Solid South.

I do not believe that there is enough accuracy in any polls for anyone to quarrel about exact figures.

-:-

WHAT THIS poll shows is that a continuing test taken of public opinion establishes the fact that the President is an exceedingly popular person.

Yet, this popularity is not reflected in the conversations of the politicians, even of his own party, who worry about their own prospects.

For instance, two of the most important Republicans are up for re-election in 1954. They are Sen. Styles Bridges of New Hampshire and Sen. Homer Ferguson of Michigan.

Bridges is president pro tem of the Senate and chairman of the Appropriations Committee; Ferguson is chairman of the Republican Policy Committee.

These senators are respected by their colleagues. Both are in danger.

-:-

THE BRIDGES situation is almost without precedent. A man of his seniority and position is usually assured of renomination and, in his state, of re-election.

Yet, Bridges may have to put up a tremendous fight for renomination because the President's chief - of - staff, Sherman Adams, is reputed to desire his position.

Those who like Adams say that now that he is ensconced in greatness, he will forego his senatorial ambitions. Those who dislike him say that he has caused the President considerable grief and that his best way out of the White House would be to run for the Senate.

At any rate, as long as Sherman Adams is a prospective candidate for United States senator, he disturbs the relations between the President and those Republicans who feel that Bridges is about to get a raw deal.

-:-

IN THE CASE of Ferguson, the situation is more complicated. Here is a man of scholarly attainments, a great lawyer, a tremendously hard worker.

He was elected chairman of the Republican Policy Committee by his colleagues, after the death of Sen. Taft, because he is the most deserving man for the post.

However, Ferguson is quiet and studious and does most of his work in committee. He avoids sensationalism of any kind. His labors are constructive rather than didactic. His name does not appear in the newspapers every day cussing someone.

Yet Republican politicians, in his state, fear that he has not sufficiently grovelled in the dust before the lords of power in his particular state.

They say that unless he is sure of re-election, they might get him a judgeship and put a more demagogic personality in his place. Should they do that, it would be a pity.

The Senate has few men of Ferguson's ability; it already has too many empty - headed, blustering speech - makers who not only do not know what they say but do not know what they do.

Republicans fear that Eisenhower's popularity will not be suficent to save their party.

Stop Sign Should Have Been There, $30,000 Suit Says

SAN FRANCISCO (AP)—San Francisco is being sued for $30,650 because a stop sign wasn't where a woman driver thought it should be.

Martha Alexander asserted Donald J. Kevane's failure to halt his car at an intersection resulted in a collision March 26.

The suit said Kevane should have stopped even though a stop sign there had been knocked down in a previous accident.

Mrs. Alexander said she assumed he would stop and hit him broadside when he continued into the intersection.

She claimed the city was negligent in not replacing the stop sign.

Majorette Files Suit For $750,000 Damages

CHARLESTON, W. Va. (AP)—A 15-year-old junior high school majorette filed a $750,000 damage suit here yesterday against two contracting firms working on the West Virginia Turnpike.

Glenna Douglas of Chelyan, W. Va. said she is paralyzed from the hips down.

The suit charged a dynamite blast at a construction site shot a portion of a tree stump into the passing convertible in which Miss Douglas was riding.

Named defendants were the Morrison-Knudson Co. of Boise, Idaho, and the Ralph E. Mills Co. of Frankfort, Ky.

Inside Labor

By Victor Riesel

ROME

Anytime mystery man Egosto Cappelinni wants to quit the powerful Italian Communist party, he'll be worth his weight in refined uranium to any Wall Street firm looking for a man who can run a $50,000,000-a-year capitalist business.

RIESEL

That's exactly what Signor Cappelinni's Comintern assignment is — running an intricate network of corporations, garages, palaces, office buildings, import and export houses, a multi-million dollar bank and several holding corporations, to finance the Communist party and its underground army here.

Signor Cappelinni is a senator and you can see him come and go quietly when the Italian Congress is in session here.

He's a stocky, medium height chap of 57, genial even in brushing of an inquiring capitalist columnist. But don't get Comrade Cappelinni wrong. He's tough — tough enough to be the single most powerful Communist outside the Soviet Union although I doubt his name has ever been carried by us Wall Streeters.

-:-

CAPPELINNI'S amazing story began on the afternoon of Feb. 27, 1947 at 19 Corso Rinascimento, not too far from the balcony on which this is being written.

At that time the Italian Communist party was under Comintern orders to finance itself, preparatory to its efforts to turn this nation against the U.S. in particular, and the Western world in general.

That meeting was a session of the board of directors of an import and export firm called SIMES. The president of the firm announced that one of the three directors was resigning and would be replace by a Signor Cappelinni.

The mystery man as administrative secretary of SIMES soon had the company jumping. A big office was opened at 11 Via Casa Disispermino in Turin.

I'll spare you the details, but before long Comrade Cappelinni landed his first big contract — from Comrade Tito.

-:-

THE THEN still Stalinist Yugoslav government ordered hundreds of thousands of dollars worth of special volcanic rock for construction work from an Italian gravel firm. The order was placed through SIMES. For which SIMES got itself a five percent sales commission.

Soon enough it became obvious to those few who were watching the operation that the Communist party of Italy was rapidly becoming a multi-million dollar five percenter.

When Tito cut loose from Stalin, SIMES, now controlled by the Communist party became the official purchasing agent in Italy for Poland. Also the oficial sales agency.

In the Polish market alone this meant five percent of $78,000,000 in the three-year period from 1948 through 1950.

It became apparent to all Italian industrialists that they had to deal with the commercial front of the Communist party here or they just couldn't do business with any of the Soviet satellites.

For example, 80 percent of East Germany's trade with Italian merchants was handled by the Italian Communist party's industrial division.

-:-

IN FACT, so powerful did Comrade Cappelinni's vast business become that even the smugglers who want to sell dope and munitions (including American-made armored cars, by the way) knew they had to go to him and not directly to any official Soviet agency.

Then Cappellini set up an intricate network of holding corporations and subsidiaries — as intricate as any Wall Street house his comrades have hissed. In Turin, there is the Communist party's Nord Export Company for northern Europe and TECNO for machinery and technical equipment.

In Milan there is the COCEOR —Central Oriental Company and the COEBA, the European Balkan Company.

-:-

THESE ARE regular corporations. Their stock is held by party people and fellow travellers. But all controlling interest lies in the original SIMES group.

By 1950 the Communists' five percent business was so vast, and so much real estate was being held and operated in Italy, that two new firms — and a bank — were set up.

In Milan, there appeared the URE — to deal with Romania and Bulgaria and the SOCOFIN for commercial and financial transactions with Czechoslovakia and Hungary.

To handle the millions now being made, the Italian tovarischi set up IMECO a bank in Naples, run by another strong silent man, Augusto Doro.

Now one can begin to understand the nature of the thing we're fighting — and why this thing was able to pile up 9,000,000 votes after we spent $3 billion here.

Theater D'Hote

By Inez Robb

It is pretty obvious to me that Broadway is in for a revolutionary new deal, if you will pardon the expression.

INEZ ROBB

The coming season in all probability will usher in a new theatrical era of light housekeeping accommodations and room service for discriminating playgoers. Two stunning innovations in the theater are combing to make the playhouse a man's home away from home.

-:-

THE FIRST of these is the decision of the New York City fathers to admit John Barleycorn to the dramatis personnae. That is, the city has at last authorized the installation of bars and the sale of corn squeezin's in theaters.

However, the state liquor authority says that before a license can be issued, the theater involved must install and operate a bona fide restaurant.

So bona fide, the authority decrees, that a chef capable of whipping up guinea hen under glass or crepe suzettes during the entire acts must preside over the restaurant kitchen.

A sandwich counter dispensing only American cheese on rye or cold pastrami on gluten will merely entitle the theater to sell beer, and nix on the hard stuff. See paragraph above.

THIS COULD be the historic season in which the age-old theatrical cry of "How's your second act?" is replaced by "How's your second course?" and we can look forward to a time when the presentation of a table d'hote or a la carte menu will engross an actor-manager as much as the presentation of Miss Benita Bijou, star of stage, screen and TV.

The second of these far-reaching decisions, or the next logical step in theater innovations, has already been taken by another forward-looking group of investors.

This is the substitution of love seats a deux for regular theatrical seats in the first six rows of the Coronet Theater.

These love seats, with room service eventually envisioned, will retail at $24 each.

-:-

IT MAY even be possible at some future date to install hot and cold running champagne, ash trays and an outlet for an electric razor with each love seat.

Upholstered in scarlet silk damask, the seats will offer such deluxe comfort that a patron is guaranteed a good evening's sleep even through a revival of "Hellzapoppin."

The upholstered Broadway two-seater is the first earth - shaking renovation on the Great White Way planned by a group of gentlemen who are crazy about both the theater and money, a combination often as antithetical as limburger a la mode.

-:-

THIS GROUP recently announced that there is nothing the matter with the theater, oft called the fabulous invalid because so oft in delicate condition, that a combination of art and sound business methods won't cure.

What these gentlemen propose, in reality, is a shotgun union of the drama and the profit motive.

Furthermore, the group is in possession of a $1,000,000 kitty to pay for the nuptials.

Broadway has been agog ever since this announcement to discover what tremendous first step the group would take to bail out the invalid.

Shakespeare in modern dress? Eugene O'Neill in Shakespearean dress? Euripedes in undress? Tennessee Williams, T. S. Eliot, and Truman Capote on the half shell?

-:-

NOW IT can be told: The first parachute consists of the scarlet love seat, retailing at $24 for each and every performance. Naturally at that price, the seats will be very exclusive and may even be instrumental in the formation of a new 400.

The day is not far distant when a theater patron who doesn't like what's going on on the stage can get his money's worth and see a better show in the love seat section.

Replaces 3 Agencies

New Ohio Commission Faces Staggering Task

By REED SMITH

COLUMBUS, Ohio (AP) — Ohio's new legislative service commission faces a small mountain of work.

The 100th General Assembly created the commission to gather facts and figures about state revenues and how they are spent.

Members of the Republican dominated Legislature complained they couldn't get the kind of financial picture they wanted from Democrat Gov. Frank J. Lausche and his fiscal experts.

And Republicans wanted to bypass the Ohio Program Commission, a planning body that Lausche forces took over during the drafting of recommendations to the legislature.

The new service commission will replace the program commission and two other agencies next Sept. 16. The agencies are the Bureau of Code Revision and the Legislative Research Commission.

Besides taking over their work, the commission has the task of collecting data for legislators on the budget adopted every two years to run the state.

Lawmakers in past years accused the administration of underestimating revenues that resulted in a surplus. But Lausche submitted an admittedly "tight" budget for the two years beginning last July 1.

Legislators claimed they could do better with figures from their own commission. The 1955 session will show what merits such claims contain.

A dozen other projects also require service commission attention. Various legislators requested the studies and the legislature approved. They include:

Operation of the Ohio Workmen's Compensation Law. The request resulted from failure of a legislative committee to get information it wanted on the act and its administration by the Industrial Commission.

An investigation of the "influence and conduct" of lobbyists during legislative sessions and recommendations to tighten lobbying laws.

A study of public utility laws. The legislature wanted more data before acting to revise Ohio's utility rate making formula.

Educational possibilities of television in the six state-supported universities.

Review of Ohio's Water Pollution Control Act. The Legislature refused to exempt villages under 5,000 population despite pleas for more time to plan expensive sewage treatment plants.

Surveys of statutes dealing with justices of the peace and municipal court procedure to insure more uniformity.

Studies dealing with drainage problems and water rights, both surface and underground.

Centralized listing and control of property and payrolls in various departments and agencies.

A review of problems of the aged, and a look into those of the dairying and related industries in the state.

Service commission members have indicated a desire to organize before the Sept. 16 effective date. Likely chairmen are Sen. C. Stanley Mechem (R-Athens), Senate majority leader and sponsor of the act creating the commission, and House Speaker William Saxbe (R-Champaign).

Other members of the 14-man commission are: Sens. Donald H. Rolf (R-Hamilton), Carl D. Sheppard (R-Summit), Theodore M. Gray (R-Miami), Tom V. Moorehead (R-Muskingum), Charles J. Carney (D-Mahoning) and Arthur Blake (D-Belmont).

Reps. Kline L. Roberts (R-Franklin), J. Frank McClure (R-Ashland), Kenneth F. Berry (R-Coshocton), Roger Cloud (R-Logan), James J. McGettrick (D-Cuyahoga) and Robert W. Reider (D-Ottawa).

AIRMEN ATTEND REUNION

GALION — The second reunion of a bomber crew of the U. S. Air Force of World War II, held recently at Holly River State Park, Hacker Valley, W. Va., was attended by a Galion man and his family. Mr. and Mrs. John Godfrey and two daughters, Pamela and Margaret, of Galion, attended the reunion of six members of the crew and their families. Godfrey was one of the crew. They were present from Ohio, Florida, Massachusetts, Michigan and New York.

RYAN'S REACTION. Joseph P. Ryan, lifetime president of the International Longshoremen's Association, looked like this as he walked along a corridor in Chicago after learning that the American Federation of Labor's executive council had suspended the east coast's waterfront union until it has rid itself of racketeer elements.

Ask for Doctor

PLAISTOW, N. H. (AP)—Selectmen have asked the New Hampshire Medical Society to furnish the community with a doctor.

The town of 1,200 has been without a resident physician since Dr. Robert W. Tower moved to Haverhill, Mass., several weeks ago.

Former Marion Man Named Art Agency Head

Rupert Brown of Columbus, a former resident of Marion, has accepted a position as art director of the Columbus Art Agency in that city. Prior to going to Columbus where he has been associated with the Southard Calendar and Printing Co. for the last two and one-half years, he was with the Jay H. Maish Advertising Co.

He served four years with the U. S. Marines and saw action at Taraway, Saipan and Tinian. He studied at Ohio University, Ohio State University and George Washington University in St. Louis. He is a graduate of Harding High School.

The Columbus Art Agency has won several awards in national competition for package design and the staff is composed of artists who are former agency men. The family lives at 5626 Selby Ct., Worthington.

Mechanical Brains

Electronics Is Solution To Corporate Red Tape

By SAM DAWSON

NEW YORK (AP)—Dinosaurs, monsters of the past, got so big they outgrew their control mechanism. Some in management are asking now: Will big business go the same way? Will corporations grow so huge that corporate red-tape will strangle them?

The electronics industry thinks it has a solution. It sees business in the years just ahead going over to automatic controls. That means fewer people can turn out more—both at the factory or production level and at the office or control level.

When mechanical brains take over, the electronics men contend, corporations can grow much larger and yet be more easily run than at present.

For example: An oil refinery already runs with very few men needed to operate it. But at the office end, oil company management is a highly complicated thing, and getting on the unwidely side.

Almost every week electronics offers management new tools, speedy calculators, closed circuit television, problem solvers to keep top management in quick touch with sales, production, and inventory.

Nearly a hundred companies are busy at work on these electronic devices. Some are specialized machines doing particular jobs. This week Sound Scriber Corp. of New Haven, Conn., offered a 24-hour magnetic automatic sound recording device, aimed at the aviation and radio industries, but useful for recording police and fire calls.

Others range up to the mammoth scientific marvels of International Business Machines and Remington-Rand, which solve in minutes business or design problems that would take hours or even weeks for men to figure out themselves.

Speed is the essential factor here in solving big business' greatest weakness. The bigger the animal or corporation grows, usually the slower its movements.

In huge companies at present—the magazine Business Week will point out in its next issue—the assembly of essential data takes weeks and months. Corporate decisions, therefore, sometimes are made on information which has more historical than current worth.

This often gives small and less unwieldy business, with its greater speed, just the edge it needs.

New devices, now appearing in electronics plants, could change this. No matter how big and sprawling the company, it could use them to gather data faster, interpret its meaning all but instantly and thus make far more intelligent decisions.

Medical Scholarship Awarded Hancock Man

Winner of the fifth annual Ohio State Medical Association Rural Medical Scholarship, which will contribute $2,000 toward his medical education, is Raymond Cole, 24, Findlay, who for 19 years lived on a farm near Mt. Blanchard in Hancock County, the association reported today.

Cole, who is married and the father of one child, received his premedical training at Bowling Green State University and the Ohio State University. He will enter the University of Cincinnati College of Medicine this fall.

The scholarship plan was instituted four years ago by the association to stimulate the interest of rural young men and women in the study of medicine so that Ohio's supply of country doctors might be further increased.

Previous recipients include Donald Nikolaus of Johnsville in Morrow County, who will be a junior at the Ohio State University College of Medicine this fall.

Program on Home Given By Members of Grange

Annual inspection was held and a program on "Home" was given at a meeting at Bethlehem Grange Wednesday night. Ralph Williams presided, and Mrs. Robert Dunlap was in charge of the program. Elmer Williams, deputy, spoke briefly.

"A Definition for Home" was read by Mrs. Carol Williams, and "Old Folks at Home" was sung by the group. Mrs. Betty Larcom, Robert Dunlap and Mrs. Sarah Beckel presented a play, Mrs. Walter Rinehart recited "It Takes a Heap of Living," and Mrs. S.M. Dunlap gave a poem.

As the Ohio historical number, "The First State Grange in 1870" was read by Mrs. Robert Dunlap. Mr. and Mrs. Paul Fogel and Jane Fogel and Mr. and Mrs. Charles McMahan gave a play. Clarence Gruber gave a reading. Mrs. Alfred Fogel presented a poem, "Old Fashioned Mother," and Oscar Kaelber spoke on "Home," followed by singing of "Home Sweet Home" by the group.

The youth committee will give the next program, and a talk on legislative work of the Grange will be given. Time of the next meeting has been changed from Aug. 26 to Sept. 2 because of the Marion County and State Fairs.

Wyandot 4-H Girls Take Safety Talk And Talent Honors

Special to The Star

UPPER SANDUSKY — Wyandot County 4-H club members took top honors Wednesday in the sectional Northwest Ohio 4-H Safety Speaking and Talent contest. The event was held at the Auglaize County Fair.

The girls safety talk winner was Patricia Rose of near Forest, who talked about dangers in the kitchen. The boys safety talk winner was from Wapakoneta.

Nancy Parsell, of near Forest, another Wyandot County girl, was judged the best in the class, music for one. She sang a vocal solo.

In a class which was designated music or pantomime for two or more, three girls from Upper Sandusky were the winners. They appeared in appropriate costumes to act out one of Spike Jones' records. The girls were Phyllis Miller, and Beverly Newell, both of near Upper Sandusky and Neva Larick of Upper Sandusky.

The "Blessing of the Animals," or "Benediction of Beasts," is performed as a rule on St. Anthony's Day, Jan. 17, in Catholic countries.

BOY TO UNDERGO OPERATION

Jimmy Goldsberry, 10, whose foster home is with Mr. and Mrs. Lowell Wittibslager of 261 Patten St., was admitted Wednesday to White Cross Hospital at Columbus for a third operation. It is hoped that this will be the last surgery needed to correct a foot deformity with which the child was born. Living with the Wittibslagers since April, he was formerly at the Marion County Children's Home, and he was a pupil in the fourth grade at George Washington School for handicapped children. He was able to walk after previous operations with the aid of special shoes.

It has been estimated that it is possible to grind eyeglass lenses in 11,132,544 different combinations of curvature.

To Parents of High School Students in Search of a Career...

This may be the most important message of your children's lives

You spend many hours planning your children's future, looking for ways to save them heartaches in the days ahead and give them some good measure of security.

You should know that

Today there is a rich, new kind of opportunity for young America!

The opportunity lies in engineering and science, where there is a tremendous need for trained young people. It is open to any young man or woman who is willing to work hard and to study high school courses like mathematics and the physical sciences in preparation for college engineering.

Here is what the engineering profession offers your child:

Interesting, useful work. There are hundreds of different engineering positions open, from bridge design to nuclear research, from product planning to salesmanship.

It is rich in opportunity. Today's engineering graduates find starting salaries higher than average. As for opportunity, 50% of the country's industrial leaders started their careers as engineers.

It offers a good measure of security. The need for trained men and women engineers will continue for years to come.

Don't cheat your child of a chance for betterment in the years ahead. Write now to the Engineering Manpower Commission, 29 West 39 Street, New York 18, N. Y., for free booklet, "Engineering As A Career" or inquire of your high school principal, math or science teacher, guidance counsellor, any well-known engineer in your community, or the personnel department where you work.

A marketable ability is the only true security

Ex-Galion Naval Officer Writes on Construction Work

Special to The Star

GALION — Friends here are interested to learn of the achievement of a former Galion man, Commander Nyal Deems, Civil Engineer Corp, United States Naval Reserves.

Commander Deems recently wrote an article "Operation Repair," for the Civil Engineer Corps bulletin. It tells, with photographs, of the work of CES officers and Seabee Reserves who volunteered time and knowledge to build an infirmary for the Boys Club at Washington, in southern Maryland, and repaired a camp for the Arlington County Girl Schouts in Virginia. The construction work, known as "Operation Repair" was initiated by Commander Deems who did work himself with saw and hammer in constructing the infirmary at the Boys Camp in Maryland.

On Sept. 1, Commander Deems will be stationed in the Federal Building in New York City, where he will serve as CB program officer for the Third Naval command. He has been serving as reserve CB program officer for the Potomac River Naval command, Naval gun factory, Washington, D. C.

His parents, Mr. and Mrs. W. L. Deems of East Cleveland, are former Galion residents. Commander Deems was graduated from Galion High School in 1936, and from Case Institute of Technology in 1941. He was commissioned in the Naval Reserves, and served in Puerto Rico, Tennessee, Hawaii and on Johnson Island. He was released from active duty in Oct. 1945, and was recalled in 1951.

Bible Words to Live by

PSALM 139:23 – "Search me, O God, and know my heart."

* * *

A habit is a tendency to act in a certainway. Habits of thinking and feeling are called attitudes.

The student's attitude toward his studies determines, very largely, his attainment. The workman's attitude toward his job decides, to a large degree, his success. The homemaker's attitude toward her task makes the difference between its being drudgery or joyful service. Just so, an individual's attitude toward God determines his spiritual growth.

As we earnestly and continually pray God to search us and know our hearts, we will perforce be led to search ourselves. In so doing, we are almost certain to see the error and futility of negative attitudes. The clouds of war and social unrest cast their pall everywhere. There is a danger that, as we take a dim view of many things, we will soon take a dim view of everything.

While we face our perplexities, we must look beyond them to the fact of God's sovereignty. We shall be doing His will if we cultivate the attitude that this is "our Father's world" and that we do "better to light a candle than to curse the darkness."

Sox, Braves Remain in Race, Must Fight Schedule

Miracle Needed To Halt Bids of Yankees, Dodgers

By BEN PHLEGAR
AP Sports Writer

It looks as if it's going to cost more to commute between the World Series ball parks this fall—but only because they've raised the subway fare in New York City.

After seven nickel series and three dime classics (the fare went up to 10 cents in 1948), this year's big show appears set to be a "token" affair. (Tokens replaced cash when the fares were hiked to 15 cents last month.

Barring miracles the participants will be the New York Yankees, for the fifth straight year, and the Brooklyn Dodgers, for the second time in a row.

The Chicago White Sox and Milwaukee Braves continue to put up game, but most probably vain, fights from their second place spots. The schedules and the standings are against both of them.

Chicago trails the Yankees by seven games and the two clubs play each other only five more times. Milwaukee is 7½ behind Brooklyn with just four games remaining against the Dodgers. For both would - be contenders this means they have to rely on help from the rest of the league and no such help is in sight.

The Yankees whipped Washington 6-1 last night after Chicago had turned back third place Cleveland 7-3 in a 10 inning daylight battle. Brooklyn came from five runs behind for the second straight game to edge the New York Giants 9-8 in 10 innings. Milwaukee wasn't scheduled.

In other action Philadelphia nipped Boston 1-0 and St. Louis squeezed by Detroit 1-0 in 11 innings in the American League. Cincinnati walloped Chicago 1-2 and Pittsburgh shaded Philadelphia 4-3 in the National.

Steady Eddie Lopat continued his mastery over Washington in posting his 10th consecutive victory against the Senators. The six-hit triumph was his 12th of the year and his fifth this season against Bucky Harris crew.

Joe Coleman gave up just three singles to Boston in winning his first game in Philadelphia in four seasons. Coleman also scored the only run of the game, riding home on Joe DeMaestri's single after he had opened the sixth inning with a double.

The Browns got the lone run at St. Louis when Vic Wertz doubled and Vern Stephens singled in the 11th. Ned Garver absorbed the loss after giving up only three hits in the first nine innings. Marlin Stuart who replaced Lou Kretlow in the 11th, picked up the victory.

Roy Campanella of Brooklyn has hit 31 home runs this season but he hadn't connected in the Polo Grounds until last night. With two men aboard and the Dodgers trailing by four runs in the seventh Roy poked a Hoyt Wilhelm pitch into the lower right field seats. In the ninth with two out and the Dodgers still a run behind he lofted another Wilhelm delivery off the scoreboard in left field for another homer.

Carl Furillo connected with Wilhelm's first offering in the 10th and drilled it into the upper left field seats for the run that won the game. Clem Labine, last of six Brooklyn pitchers, received credit for his second victory in the Dodgers' last two games.

Home runs figured heavily in the scoring at Pittsburgh, too. Frank Thomas blasted a pair for the winning Pirates and Earl Torgeson got one for the Phils.

Pair of Features Scheduled Sunday

Two 25-lap features will highlight the card Sunday at the Marion Speedway. One of the events will be the feature which was called off last week.

The figure eight and suicide events will be run along with the other regular races. Officials of the speedway said a dust control program had been completed this week. Gates will be opened at noon with time trials set to begin at 1 p.m. The first race is scheduled for 2:30.

Plans are progressing for the 200-lap event on Aug. 23 which has been billed as a state championship race. Five other races will run on that day, Promoter Cecil Addams announced.

Jack Graney To Retire After 21 Years at Mike

CLEVELAND (AP)—After 21 years of announcing Cleveland Indians' baseball games, 67-year-old Jack Graney has decided to retire at the end of the current season.

Graney played with the Indians for more than 12 years. He came up in 1907 as a pitcher and was sent to the minors. He returned in 1910 as an outfielder and played until 1922.

SHORT SPORTS
By John Short

Marion's baseball fans not only have given up on the chances of the Cleveland Indians taking the American League pennant but now are bemoaning the one big trade of the year which most of them upheld at one time.

SHORT

The deal which sent Ray Boone to the Detroit Tigers a couple of months ago was a good deal at the time, so said most of the Tribe boosters. George Strickland was available to fill the hole and besides the Indians needed Art Houtteman.

Now these same fans are calling for Houtteman's scalp as vigorously as they once did that of Boone. The front office at Cleveland continues its made ravings over the glove work and hitting of Strickland while Boone is setting the league afire with the lowly Tigers.

Strickland enjoyed a hot streak at the plate early in July and since then has leveled off to his normal clip. Boone, on the other hand, is hitting the ball harder than at any time in his career at Cleveland and is hitting more often.

Since his shift to third base by Freddie Hutchinson, Boone has developed into one of the league's classiest fielders and one of its most dangerous threats at the plate.

That is being done by the same Boone, who according to Cleveland fans two months ago, shouldn't be playing in the major leagues. The converted shortstop apparently has been able to relax since his transfer something he has never allowed to do with the Indians.

The boobirds out along the third base line and behind home were never willing to give Boone more than half a chance at Cleveland.

He had replaced Lou Boudreau at the shortstop post and those fans were willing to accept nothing less than an exact replica of the former Indian pilot. Peewee Reese or Phil Rizutto probably would have had almost as much trouble.

But that seems to be all over and a few Marion fans, along with all of Detroit, are predicting a great future for Ray Boone. Could be, some say, that he'll replace Cleveland's Al Rosen as the American League all-star third sacker.

Roberts Whipped By Dano O'Shocker

Dano O'Shocker whipped Nick Roberts in the main event of Thursday night's wrestling card at the armory. Roberts took the first fall after seven minutes with a dropkick but O'Shocker won the second by shoving Roberts' head into the turnbuckle. The third fall went to O'Shocker when Roberts was disqualified.

Joe Wolfe won the semi-final bout in two straight falls over Marco Polo. The first fall went 15 minutes and the second consumed 12 minutes.

Ray. Stevens won the opening bout when Hercules McIntre was disqualified after 11 minutes.

North Gridders Seek Revenge For 2 Lacings

By FRITZ HOWELL

CANTON, Ohio (AP)—A cross section of outstanding high school football talent tonight will settle—for another year, at least—the question of whether the northern or southern half of Ohio produces the best scholastic gridders.

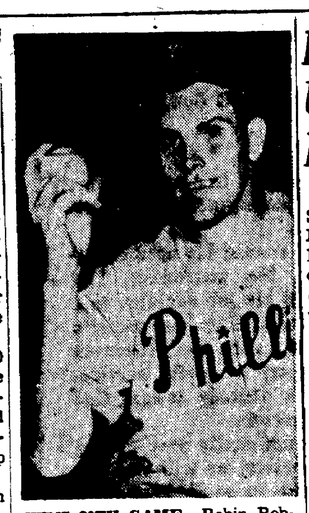
A crowd of 20,000, including 700 coaches, is expected to view the annual North-South All-Star classic in Fawcett Stadium, and good weather is in prospect. An elaborate band concert will build up to the kickoff at 7:30 p. m. EST.

In previous struggles, the South has won 4, lost 2 and tied 1, while North leads in total points, 104-95.

North, the loser the past 2 years, outweighs South on the offensive line, 204 pounds to 182. But South has the weight advantage in the backfield, 184 pounds to 180.

South Coach Jim McDonald of Springfield is expected to launch a running attack with his three snappy backs — halfbacks Carl Smith of Washington Court House and Hubert Bobo of Chauncey-Dover, and fullback Lee Williams of Springfield.

Chuck Mather of Massillon, the North pilot is banking on an aerial offensive, with Lenny Dawson of Alliance and Harold Davis of Youngstown North doing the hurling. Bob Khoenle of Massillon probably will be the target of many of the passes.



WINS 20TH GAME. Robin Roberts, Philadelphia Phillies pitcher, grins in the dressing room in Pittsburgh after defeating the Pittsburgh Pirates 8-4 for his 20th win of the season. This is the fourth time Roberts has won 20 or more games in his major league career and he is the first pitcher to win 20 games this season.

Yesterday's Stars

Batting — Roy Campanella, Brooklyn Dodgers, drove in four runs with two home runs as Brooklyn beat New York 9-8 in 10 innings.

Pitching — Joe Coleman, Philadelphia Athletics, gave up only three singles in defeating Boston 1-0.

Fishing Trip Suggested

Howison Named To Study Proposal Before Coaches

Harding Football Coach Pete Howison was one of three football mentors appointed by Chuck Mather of Massillon to study a proposal made by Ernie Godfrey, veteran assistant coach at Ohio State, for a fishing trip for high school coaches each year.

Acting as an honorary member of the Ohio High School Football Coaches Association, Godfrey reported he would like to set up an all-expense Canadian fishing trip for from 100 to 150 high school coaches each year. Now enjoying such a trip annually are the Front Liners, a group interested in obtaining football talent for Ohio State.

Stating that Ohio State would not enter into the high school picture in any way, Godfrey said he would raise the funds through the service clubs in the coaches' home towns. He said it would cost about $150 for each coach.

Also appointed to study the proposal with Howison were Jim McDonald of Springfield and Mac Pemberton of Columbus West.

Directors of the association were on record as disapproving of any all - star games involving high school players or coaches except the one sponsored by the association itself, the North-South game.

The resolution, adopted on the eve of the annual grid classic here today, was a direct slap at a similar game played last night at Farrell, Pa. Teams made up of high school athletes representing the Warren, Ohio, area and the Sharon, Pa., area participating in that game.

The Farrell tournament was sponsored by Junior Chamber of Commerce members, and the Ohio coaches felt it was not in the best interests of high school athletics to encourage such alliances with outside groups.

They said that ,with the new resolution, it would be possible for the association to suspend any coaches who particpate in such games in the future. There would be no retroactive action, the directors emphasized.

The resolution also would cover a game being played at Wheeling, W. Va., next week in which several southeastern Ohio players will participate.

Protest Holds Up Clincher in Pony Contests

A protest made by Alloy Cast Steel against VFW, first round Pony League champs, was allowed by a three-member protest commission Thursday night at Lincoln Park and VFW will have to wait until Saturday to clinch the second round title.

Clark Metal Products upended second-place G & G Builders in the nightcap 2-1 in a nine-inning tilt. It was the Builders' second loss in the second round and means it will have to win tonight and VFW lose Saturday night in order to share the second round flag.

The protest by Alloy involved a trapped VFW runner in a run - down in the first inning of their game. VFW won the game, 5-1, but the contest will be played over Saturday at 6:15 p.m. The game will complete this year's regular season Pony League play.

Tonight Alloy takes on G & G. The game is set for 6:15 also.

Clark came up with a run with no one out in the ninth to edge G & G. Dutch Klingle, who had reached base on an error, scored the winning run on a wild pitch.

G & G had come up with a run in the fifth on three hits to break a scoreless tie. It held the lead into the seventh inning when Clark scored the tying run. Tick Gruber's single helped score Dick Penry, who had walked. Singles by Ted Anderson, Bob Claypool and Simpson produced G & G's run in the fifth.

Larry Corbin was the winning hurler, allowing five hits and striking out 12 batters. Bob Lister was on the mound for the G & G club, surrendering only three hits and whiffing 13 Clark players.

Gruber had two hits for the winners while five players shared G &G's hits.

In the protested opener, VFW piled up its 5-1 margin with only one hit and Alloy miscues. The losers only got one hit, a triple by Joe Ambrose. Harold Jones hurled for VFW and was opposed by Barrett and later Harris in the fifth.

NEW STORE PLANNED

CINCINNATI (AP)—The Mid-Gordon Co. said yesterday it will finance construction of a $50,000, four-story department store at Central Ave. and Verity Parkway in Middletown, to be occupied by the J. C. Penney Co.

Pros Favored

Dodd Plans Aerial Attack For Battle Against Lions

CHICAGO (AP)—If you came to a brick wall, would you bash your head against it trying to get to the other side or climb over it?

The All-Star football game tonight is something of a parallel.

The Collegians, under head Coach Bobby Dodd of Georgia Tech, are expected to try to beat the Detroit Lions, 1952 National Football League champions, through the art of passing.

A crowd of some 90,000 will gather at the huge lakeside arena, Soldier Field, to watch the continuation of the series while uncountable others will hear it on radio (Mutual) or see it on television (Dumont). The kickoff is scheduled for 8:30 p. m. EST.

The Collegians haven't won since 1950 when Eddie Lebaron and Charlie "Choo Choo" Justice went wild to steer the Collegians to a 17-7 victory over the listless Philadelphia Eagles. The pros have won 11 times, lost six and tied twice in the series.

Tonight the Lions are rated by the sharpies as a 14-point favorite. They have hardened players like Pat Harder, Bob Hoernschemeyer, Doak Walker, Bobby Layne, Cloyce Box and Leon Hart who can throw a scare into any opponents.

They have many experts of the gridiron on their side, including Red Grange. Grange frankly says he doesn't see "how these kids can beat the Lions."

Rookie Pitcher Posts 7th Win For Cincinnati

CINCINNATI (AP)—His full monicker is Frederick John Baczewski, but the rangy Cincinnati pitcher may pick up the nickname "bargain" Baczewski if he keeps up his winning pace.

The lefthander's 10-2 victory at Chicago yesterday was his second over the Cubs and his seventh in nine decisions since coming to the Redlegs last June. Chicago swapped Baczewski and Bob Kelly for Bubba Church in a two-for-one pitcher deal.

His teammates helped the rookie from St. Paul yesterday by slamming out an even dozen hits, but the Chicagoans kicked in with five unearned runs on three straight errors in one inning.

Chicago didn't get an earned run off Baczewski until the ninth inning. They scratched him for an unearned counter in the fifth on shortstop Roy McMillan's error.

The Redlegs piled up an eight-run lead before the Cubs got around to scoring a run. They got their initial run in the second inning on the first of Ted Kluszewski's four hits, a sacrifice and another single.

Baczewski opened the weird third inning with a single but was forced on Bobby Adams' attempted sacrifice. Then Rocky Bridges and Gus Bell filled the bases on successive errors by Tommy Brown and Randy Jackson. When Dee Fondy followed with Chicago's third straight miscue, Kluszewski was safe on first and Adams scored.

Willard Marshall forced Bridges at the plate, but Jim Greengrass doubled, scoring Bell and Kluszewski and sending Marshall to third. Andy Seminick drew an intentional walk, filling the bases. Then Roy McMillan's pop fly in short center went for a double and two more runs scored before Baczewski, up for the second time in the inning, was thrown out.

Colonels Maintain Hold on Top Spot

By The Associated Press

Louisville maintained a one-game edge over Toledo in the American Association lead last night as both pennant contenders scored victories.

Louisville shaded Charleston 2-1, banking one run in the first inning on a two-base error by substitute first sacker Tommy Byrne who let a throw go through him, and on a run in the fourth on hits by Bob Broome and Harry Agganis.

Toledo kept pace with a 7-1 decision over St. Paul as Gene Conley racked his 19th victory. Commissioner Ford Frick was among the spectators of Toledo's "Fan Appreciation" night.

Bill Skworon slammed a three-run homer in the eighth inning as Kansas City downed Columbus 4-3.

Indianapolis defeated Minneapolis for three in a row, 5-2.

Brownies Play Major Role in Indians' Finish

ST. LOUIS —The last-place St. Louis Browns are going to have a lot to say about whether the Cleveland Indians finish second, third or fourth this year.

The Indians, here on their last visit of the season, play 10 of their remaining 43 games with the Browns, whom they've beaten nine times in 12 previous meetings.

Loss of the rubber-game of three with Chicago in Cleveland yesterday dropped the Tribe five games behind the second-place White Sox and left Cleveland only a game in front of fourth-place Boston.

The Sox took the Indians' measure in the 10th inning with a four-run rally to win 7-3. The victory was Virgil Trucks' 15th against six losses and he singles home the winning run which reliefer Bob Hooper walked to first base.

Wally Westlake misplayed Trucks' single, and Chico Carrasquel, who had singled, came in on the error in the 10th to put the Sox ahead 5-2. Minnie Minoso's fourth hit of the afternoon—a triple—tallied the other two off Bill Wight, who replaced Hooper. Garcia, the Tribe's starter, went out in the eighth for a pinch hitter.

Larry Doby's 18th homer tied the game up at 3-3 in the ninth; and Al Rosen got his 28th homer of the year in the fifth. Singles by Bob Avila and Luke Easter and a force play on which Rosen drove in Avila scored the other Cleveland run in the first inning.

Nellie Fox took second when Dale Mitchell fumbled his single in the seventh and scored the first Chicago run on Minoso's single. Doubles by Jim Rivera and pinch hitter Tom Wright netted a Chicago run that tied the score in the eighth, and Wright scored on a single by Carrasquel to give the go-go boys a 3-2 edge going into the ninth.

Bob Feller (6-6) hurls the opener of the three-game weekend series here tonight, opposing Duane Pillette (4-8).

Seek Barefoot Burglar

NASH, Okla. (AP)—The sheriff's office here is looking for a barefoot boy about seven years old.

No, he's not missing.

His tracks were found inside a filling station ransacked early yesterday by burglars who apparently lifted the lad through an 8x20-inch opening. He then opened the door for them, officers surmised.

Williams Takes Home Run Contest Despite Handicaps

PHILADELPHIA (AP) — Ted Williams spotted the American League's leading home run hitter about 30 feet of fence, six months of conditioning and a moderate breeze last night—and still won a slugging duel, four home runs to three.

It was just a good-natured batting exhibition with Gus Zernial before Philadelphia and Boston tangled in a night game—but the pressure was on and when it was all over Williams was still the "million dollars beauty."

Morral Pythian Sisters Make Convention Plans

Plans for a Grand Temple session to be held in Cleveland Sept. 16-19 were discussed when members of Morral Temple No. 429, Pythian Sisters, met recently in their hall in Morral.

Plans were also discussed for an ice cream social to be held Aug. 19 at the Morral Fire Department, and it was reported that Mrs. Viola Hilborn was in a Bucyrus hospital.

An apron sale following the meeting was in charge of Mrs. Blanche Lill, Mrs. Florence Weston, and Mrs. Betty Washburn, members of the ways and means committee.

Refreshments were served by Mrs. Beaulah McWherter, Mrs. Blanche Heller, Mrs. Jean Conley, and Mrs. Avanelle Watts.

Suit Seeks To Halt Hoagy's Show on TV

LOS ANGELES (AP) — A suit filed yesterday seeks to halt Hoagy Carmichael's Saturday night television program.

Philip Rapp asks $1,250,000 damages, contending the show is based on a radio broadcast he originated. As defendants he named Carmichael; NBC; Eddie Foy Jr., who appears on the show, and Sidney Miller, its program director.

TRAGIC HOUR. Mrs. J. W. Hallman (right), wife of a Proctor, Ark., tenant farmer, told officers she passed the ice box in which five of her children died "but I never dreamed they might be in there." Dead from suffocation in the unused ice box on their front porch are Edward, 9; Wesley, 7; Odie and Tommy, twins, 4; and Barbara Ann, 2. With Mrs. Hallman are two other children, Eugene, 11, and Mary Ellen, 10. T. H. McGough, Crittenden County coroner, said there was no evidence of foul play. "Looks like they were in the ice box playing when the overhead lid slammed down," he said.

Former Bucyrian Elected Secretary Of National Group

Special to The Star

BUCYRUS—A native Bucyrian, Dr. Boyd C. Shafer, has been named executive secretary of the American Historical Association, which has headquarters in Washington, D. C., where he also will act as editor of the American Historical Review, according to word received here by his parents, Mr. and Mrs. B. W. Shafer. He succeeds Dr. Guy S. Ford, former president of the University of Minnesota, who held the post 12 years.

Dr. Shafer, whose field is modern European history, received his bachelor's degree at Miami University at Oxford and his master's and doctor of philosophy in history degrees at the University of Iowa.

From 1932 to 1942, he headed the department of history at Stout Institute in Menomonie, Wis. He served as an air force captain from 1944 to 1946 and has been professor of history at the University of Arkansas in Fayetteville since 1947.

Elected by the association's executive committee for a five-year term, subject to re-election, he will begin his duties next month. He is the author of a number of articles in various historical journals in this country and in France and he is about to publish a book entitled "Nationalism: Myth and Reality."

Boys Pick Wrong Spot For Cops and Robbers

DENVER (AP)—Two Denver boys, 8 and 9, got into trouble yesterday for playing cops and robbers on rooftops.

Police were put onto the game by complaints from the owners of four cars. Patrolman Robert B. Gale found the tops of the cars dented where the boys had been galloping back and forth.

"We weren't doing anything wrong," one of them protested. "We were using water pistols."

Four Drivers Arrested

Four arrests were made Thursday by state highway patrolmen from the Marion post.

Persons arrested, their charge and disposition of cases follow:

Robert Soule, 38, of Kenosha, Wis., speeding, fined $20 and costs by Mayor Nelson Lee at Crestline; Elbertha Thompson, 37, of Cleveland, passing on the yellow line, fine $10 and costs by Justice of Peace R. R. Bennington at Mt. Gilead; William McClenic, 57, of Akron, passing on the yellow line, fined $10 and costs by Bennington at Mt. Gilead; Charles Imber, 30, of Columbus, speeding, fined $15 and costs by Mayor M. F. Pinney at Delaware.

CHURCH CIRCLE MEETS

Mrs. Ruth Porter reviewed an article, "Beloved India" and Mrs. Blanche Hartpence gave the article by Robert F. Thomas concerning his work in Malaya for the Thursday afternoon program of Forest Lawn Presbyterian Church's Circle Three meeting. Mrs. W. B. Burley conducted opening devotions. The group decided to hold a rummage sale in October. The meeting closed with prayer by Mrs. Agnes Starner who also served refreshments, assisted by her daughter, Elizabeth.

Canton Hitchhiker Gets Lift, Robbed

CANTON, Ohio (AP)—A "free" ride cost hitch-hiker Thomas Vignos, 20, $10 and his wristwatch, he complained to sheriff's deputies.

Vignos, a student at John Carroll University in Cleveland, was thumbing a ride to his home here yesterday when two men picked him up in a car on Rt. 8 near Akron.

He said one of the men pulled a gun, robbed him, drove him to the North Canton - Maximo Rd. near Canton, and made him run into a cornfield while they drove off.

PAY RAISE GRANTED

HAMILTON, Ohio (AP)—Employes of the Champion Paper and Fiber Co. here will get a pay boost of 5 cents hourly or 3 per cent of the former scale, whichever is higher, effective as of Aug. 10. The current 8-cent hourly cost of living bonus also has been added to the basic pay rate, John W. Zimmerman, Ohio division manager for Champion, said yesterday.

Radio and Television

By JOHN CROSBY

Next They'll Be Doing Rope Tricks

The other night on "Masquerade Party," I got a bit of a shock. "Masquerade Party", in case you haven't seen this bit of delectable idiocy, is a quiz program featuring celebrities like Mickey Mantle or Ha Ha Ginzberg. (If there weren't a Ha Ha Ginzberg — and there isn't — sooner or later someone would have to invent her. And someone has. Ha Ha Ginzberg is the imaginary friend of a girl I know, age 10).

J. CROSBY

Well, anyhow, these celebrities —Mickey or Ha Ha or whoever— are taken in tow by the makeup department, a real zealous outfit over at CBS, and disguised as pirates or chimpanzees or one thing and another and the task of the panelists is to find out who they are. When they do—and they always get it right—off comes the putty nose and the wig and the man stands revealed in his true colors.

-:-

WELL, SIR, the other night after the putty and the hair had been removed from a man done up as Andrew Jackson, the gentleman came forth nakedly as no other than Sen. Ested Kefauver. A nasty jar.

Here, I said to myself, is the guy who was the big television star of 1951, a man who (A phrase I picked up somewhere) had us all neglecting our work for about a month, the man who may have been the biggest celebrity in the country for awhile.

And here he was playing bit parts on a quiz show! It just goes to show how the mighty can fall on television, doesn't it? It also goes to show what politicians will do to get on television. They'll do anything. Anything at all. Just wait until the next campaign. They'll be doing rope tricks or toe dancing with the chorus on the Ed Sullivan show.

-:-

LAST FALL, if you happened to watch the great big (and real dull show that opened the CBS Television City in Hollywood, you would have seen two of the biggest hams in the political fold. Mayor Fletcher Bowron of Los Angeles, who—by the oddest coincidence—happened to be in a red hot race for mayor, suddenly hove onto the screen, bandied wisecracks with Jack Benny and wound up helping Benny push his Maxwell off the stage. Gov. Warren on the same show did a comedy skit with Gracie Allen.

Both men got pretty good notices and, of course, that's like waving Jose Ferrer in front of a bull. Mayor Bowron charged right back in front of the cameras, pawing and snorting, on the Burns and Allen show. Did the dishes in the Burns kitchen and exchanged gags with Gracie with the assurance of a man who has already been on the Jack Benny show and hasn't much else to look forward to, except possibly the governorship. Instead he was defeated for mayor (a) in spite of (b) because of (choice of one) these appearances.

-:-

WELL, SIR, YOU can easily see where all this is going to lead us. In the last election, the candidates first became aware of television, largely because it had propelled Sen. Kefauver into national prominence and Rudolph Halley into the presidency of the New York city council.

Politicos started boning up. They learned to wear blue shirts and some of them—to brush their teeth. CBS ran a TV school for politicians in which Walter Cronkite taught the boys how to sit, stand, walk, talk and read a script. It was after one of these sessions that Sen. Irving Ives declared—one of the more memorable political utterances of our time—that he had learned to look the audience in the eye, something politicians have been avoiding for years.

But that was last year, when the boys contended themselves with panel "think" shows, before they discovered comedy. Wait till the next election. Then this bit about learning how to read and to walk will be considered kid's stuff. Your candidate will be on the telephone, screeching at the makeup department that the eye shadow was all wrong. I can just hear some senator belting his writers around:

-:-

"JACKIE GLEASON got all the laughs! What am I—a straight man? Now in this scene with Milton Berle, he gets three pratfalls. I only get two. How do you suppose that will go down with the voters in Idaho? Wait a minute!' There's the phone—my agent. No, Mannie, I positively will not appear on the Sid Caesar show! Follow Sen. Kefauver! Are you crazy? He catches me on the Burns and Allen show, steals all my best lines and then uses them a week ahead of me on the Saturday night crowd.

"Either I precede Kefauver or I don't play. Say, did you catch him on Red Buttons last night? That bit about 'Pay the two dollars'. I discarded that when I was running for dog catcher in Pocatello". . . .

NOTICE OF SALE OF BONDS

Sealed proposals will be received at the office of the Clerk of the Board of Education of Tully Local School District, Marion County in Martel, Ohio, until 12 o'clock noon of Sept. 1st 1953, for the purchase of bonds of said School District, in the aggregate amount of $1800, dated the 1st day of Sept. 1953, and bearing interest at the rate of 3 per cent, per annum, payable annually, issued for the purpose of Remodeling Industrial Arts Building, and under authority of the laws of Ohio and of Section 2293-28 of the General Code of Ohio, and under and in accordance with a certain Resolution of the Board of Education of said School District, entitled: Resolution Declaring is a necessity to issue bonds for the purpose of remodeling Industrial Arts Building.

Passed on the 4th day of Aug, 1953.

Said Bonds are of the denomination and mature, respectively, as follows: Bond No. 1 $600, mature Sept. 1st 1954. Bond No. 2 $600, mature Sept. 1st, 1955. Bond No. 3 $600, mature Sept. 1st, 1956.

Any one desiring to do so may present a bid or bids for said bonds based upon their bearing a different rate of interest than specified in the advertisement, provided however, that where a fractional interest rate is bid such fraction shall be one-quarter of 1 per cent, or multiplies thereof.

Said bonds will be sold to the highest bidder, at the time and place above mentioned, at not less than par and accrued interest.

Bids may be made upon all or any number of bonds of this issue.

All bids must state the number of bonds bid for and the gross amount of bid and accrued interest to date of delivery.

All bids must be accompanied by a Cashiers Check drawn in favor of the Board of Education of the Tully Local School District in the sum of $50.

The Board of Education of said School District reserves the privilege to reject any and all bids.

Bids should be sealed and endorsed "Bids for Tully Local School Bonds."
